Personnel - Laborers
Regulations - Sick Leave

Concerning Sick Leave for Permanent Laborers

WHEREAS, heretofore all permanent hourly employees of this Department, who have been injured as the result of an accident arising out of and in the course of their employment with this Department, have been paid temporary compensation in accordance with the terms of the Workmen's Compensation Laws of this State, which provide that no compensation is payable for the first seven days of absence, and that thereafter, two-thirds of the employee's pay, subject to a maximum of $20.00 a week, is payable for the duration of the period of disability; and

WHEREAS, it has been made known to me that under the provisions of Chapter 233, P. L. of 1939, designated as Paragraph 11:14-2, of the Revised Statutes, and Civil Service Rule 56 (b), any employee who is forced to be absent from his post of duty because of illness; accident; exposure to contagious disease, attendance upon a member of the employee's immediate family seriously ill, requiring the care or attendance of such employee; or absence caused by death in the immediate family of said employee, is entitled to be paid full pay for the period of such absence within the limitation of his accumulations of sick leave; and

WHEREAS, it has been represented to me as reasonable and just that employees injured as the result of an accident arising out of and in the course of their employment with this Department should be permitted to charge any absence necessitated by such injury up to and including the first seven days of such absence, to their accumulated sick leave, and to be allowed sick leave with full pay for such period of absence;

1. It is, therefore, ORDERED, that from and after the first day of July, 1942, any permanent hourly employee, who is disabled by injury as certified by an examining physician resulting from an accident arising out of and in the course of his employment, shall be permitted to apply his accumulations of sick leave to any absence not exceeding seven days, resulting by reason of such injury, and shall be paid full pay for the period of his absence, subject to the limitation of his accumulations of sick leave.

2. The accumulations of sick leave for all permanent hourly employees shall be calculated from the date of the original employment upon a permanent basis by the State Highway Department.

3. It is further ORDERED that employees who are required to be absent from their post of duty because of illness; accident; exposure to contagious disease; attendance upon a member of the employee's immediate family seriously ill, requiring the care or attendance of such employee; or whose absence is caused by death in the immediate family of such employee; shall be required to furnish a certificate by a reputable physician in attendance upon such employee or upon such member of the immediate family of such employee, in a form designated by the appointing authority, and shall in addition be required to furnish such personal ceritificates or affidavits as the appointing authority may consider necessary.

4. It is further ORDERED that the appointing authority may require the employee to submit himself for physical examination and X-ray at some reasonable time and place, within or without this State, and as often as may be reasonably requested by a physician or physicians designated by the appointing authority. In no event shall an absence longer than 30 days be approved unless a report of such an examination shall have been forwarded to the appointing authority.

Additional Items

Personnel

(Item 1-A) IT IS HEREBY ORDERED that, upon the resignation or termination of the services of the employees of the State Highway Department, the Department identification badge must be surrendered to the duly authorized representative of the State Highway Department before the pay check covering the final period of services of the employee is delivered to him.

Regulations - Right of Way

(Item 2-A) The Commissioner directed that in future negotiation and procedure relative to the acquisition of property for right of way to be acquired by the State Highway Department, the established policy of the Department shall be to make official offers in cases where condemnation is necessary, based on the lowest appraisal made by a regular appraisal officer of the State Highway Department.

Bridge over Berry's Creek & Erie Rr.
Route S-3, Section 1

(Item 3-A) The Commissioner authorized cancellation of a check drawn to the order of the Fehlhaber Pile Company under date of June 24, 1942, to cover an eighty percent estimate on material delivered on the site of the work on their contract for construction of bridge over Berry's Creek and the Erie Railroad on Route S-3, Section 1, which check has been returned by the Fehlhaber Pile Company because of the refusal of the American Bridge Company to accept an eighty percent payment on account of the material delivered. The Commissioner further directed that the said check in the sum of $114,859.70 be returned to the State Comptroller for credit to the State Highway System Fund Account; it being understood that payment for the material will appear on subsequent estimates as it is incorporated in the work.

The Commissioner announced that the next stated meeting will be held on Tuesday, August 4th, at twelve o'clock Noon.

Respectfully submitted,

A. Lee Grover

Secretary

(Item 70) The Commissioner approved purchase agreement with Benjamin Maseloff (single) for the conveyance of Parcel 2S-1A, on Route 47, Section 11, at Big Timber Creek, at a consideration of $100.00.

Right of Way - Route 29

(Item 71) The Commissioner approved a settlement with John A. Schaffernoth and Wife, in the sum of $4,000.00 for Parcel 19, on Route 29, Section 2E, Rahway River to Westfield Avenue, Mountainside, and directed that the condemnation proceedings as heretofore authorized be discontinued.

Right of Way - Route 44

(Item 72) The Commissioner approved a settlement with Catherine Corrigan (widow) in the sum of $620.00 for Parcel 93 on Route 44, Section 9, Westville to Pierces Corner, and directed that the condemnation proceedings heretofore instituted be discontinued.

Route 6 (1917), Section 9

Right of Way - Route 6 (1917)

(Item 73) The Commissioner approved the plan as submitted showing the property to be acquired at Claysville on Route 6 (1917), Section 9, subject to such changes as may be necessary in order to conform with the construction plans as finally adopted and approved. The Commissioner also approved the following purchase agreements on Route 6 (1917), Section 9, Claysville:

Parcel No.	Name	Consideration
2	Addie A. Wright	$ 300.00
3	Elizabeth Hayward	400.00

Route 41, Section 4

Right of Way - Route 41

(Item 74) The Commissioner approved Sheet #4 of the General Property Key Map on Route 41, Section 4, Kings Highway, from Route 40 to Route 38, subject to such changes as may be necessary in order to conform with the construction plans as finally adopted and approved. The Commissioner also approved purchase agreement with the Colestown Realty Company, for the conveyance of Parcels 5A and 5B on the said Route 41, Section 4, at a consideration of $3,500.00, the owners to retain and remove buildings.

Right of Way - Route 24 & 24N

(Item 75) The Commissioner approved purchase agreement with Luella W. Young, for the conveyance of Parcel E-43 on Route 24, Section 22, and Route 24N, Section 1, from Fifth Street to the Phillipsburg Toll Bridge Plaza, at a consideration of $2,300.00; it being noted that a verbal agreement exists to the effect that the cost of the acquisition of this parcel will be distributed among the State of New Jersey, the City of Phillipsburg, and the Delaware River Joint Toll Bridge Commission, and that the written agreement as tentatively approved by all three parties provides for payment of one-third of the cost of the purchase price by each.

Right of Way - Route 4 Connection

(Item 76) The Commissioner directed that Alfred R. Smith and Wife, the owners of Parcel 13 on Route 4, Connection to Somers Point Traffic Circle, Section 1, be notified that it is necessary to institute condemnation proceedings for the acquisition of this parcel in view of the title difficulties involved in connection with the acquisition of same; and further directed that the previous action in approving an agreement in the sum of $1,000.80 for this parcel be rescinded.

Right of Way - Route 39

(Item 77) The Commissioner directed that the following owners of property on Route 39, Sections 1C and 2A, from Bordentown to Mansfield Square, be notified that it is necessary to institute condemnation proceedings for the acquisition of the parcels listed, in view of the fact that it appears impossible to reach settlements within the range of the State Highway Department's appraisals:

Parcel	8	William C. Forman and Wife
"	15	Harry Forman and Wife
"	16A,B & C	Hector Lamont and Wife
"	20A,B,C,D-1 & 3	Sarah A. Ward (widow)

Right of Way - Route S41

(Item 78) The Commissioner rescinded the action heretofore taken in approving an agreement with Russell Waters et al for Parcel 30, on Route S41, Sections 3B and 4A, Kresson to Route 43, in view of the report of the Title Bureau that these owners only have an undivided one-half interest in same, and the other half is held by the unknown heirs at law of Elmer Rhodes. The Commissioner further directed that the owners be notified that it is necessary to institute condemnation proceedings for the acquisition of this property, in view of the title difficulties involved which makes it impossible to deliver good title.

- - - -

(Item 79) The Commissioner directed that the action heretofore taken authorizing condemnation for the acquisition of Parcel E-108, Michael and Margaret Tierno, on Route S41, Sections 3B and 4A, from Kresson to Route 43, be rescinded, in view of the fact that the owners have been located since this action was taken, and the easement has been reappraised by our Right of Way Agent. The Commissioner further directed that the owners of this parcel be notified that it is necessary to institute condemnation proceedings for the acquisition of this parcel, in view of the fact that it appears impossible to reach a settlement within the range of the State Highway Department's appraisals.

(Item 80) The Commissioner ratified the following orders as issued by him on the subjects indicated, since the last stated meeting:

Motor Vehicle Aid-Gloucester County

(Item 1A) The Commissioner directed that the awards of contracts for Bridges 5-D-6 and 9-J-2, Bridge over Branch of Raccoon Creek on the Swedesboro-Franklinville Road, and Bridge over a Branch of Still Run on the road from Aura to Porchtown, Gloucester County, Motor Vehicle Aid, be disapproved in view of the fact that only one bid was received on each, and same were considerably higher than the estimated costs; and that the County be requested to readvertise for new bids on these projects.

Regulations - State Aid

(Item 2A) The Commissioner announced the issuance of the following order relative to the elimination of the forty percent labor clause on County and Township and Borough Aid force account work, and stated that this order automatically eliminates such clause from any items in which it may appear in today's schedule of business:

> IT IS HEREBY ORDERED, that the order or regulations requiring that at least 40% of the amount allocated for the performance of force account projects under State Aid be expended for the hire of labor,be and the same is hereby rescinded. This action is taken at this time in order that the municipalities may be able to perform a substantial portion of the work under force account projects with the use of equipment, necessitated by the present scarcity of labor available for highway construction.

Regulations - Purchase & Stores Division

(September 2, 1942) IT IS HEREBY ORDERED that the custody of the inventory of the Electrical Division be transferred to the Purchase and Stores Division, effective September 1, 1942.

Respectfully submitted,

A. Lee Grover

Secretary

MINUTES OF MEETING - SEPTEMBER 16,1942

The eleventh stated meeting was held by State Highway Commissioner Spencer Miller, Jr., on Wednesday, September 16, 1942, at twelve o'clock Noon, with the following staff members present:
Spencer Miller, Jr., State Highway Commissioner; A. Lee Grover, C. F. Bedwell, Benjamin C. VanTine, Frank A. Reddan, Edward E. Reed and John W. Aymar, Jr.

The regular Schedule of Business was taken up and the Commissioner stated that the items hereinafter listed in these minutes are approved as indicated, the same having been recommended by the various Division Heads and the Acting State Highway Engineer.

Burlington County Bridges

(Item 1) The Commissioner accepted the completed work on the contract of Frank J. Hill, Jr., for construction of Burlington County Bridges D3.6, F4.4, C4.72, D4.85 and D4.89, Federal Aid Secondary Projects 55A, 56A, 57A, 58A and 59A; and authorized the making of final payment thereon when the necessary formalities have been observed. The Commissioner further directed that the County of Burlington be advised of this action in order that it may arrange for the proper maintenance of the bridges in accordance with agreement dated May 16, 1941.

Route 39, Sections 1C and 2A

(Item 2) The Commissioner approved of the Union Building and Construction Company, subletting Items 1, 2, 3 and 5, comprising Clearing Site, Stripping, Excavation and Borrow, on their contract for construction of Route 39, Sections 1C and 2A, Bordentown to Mansfield Square, to Foundations and Excavations Company, Inc., who have been properly prequalified; the amount of the general contract being $694,866.08 and the contract value of work to be sublet - $98,595.28.

Access Road to Naval Supply Depot, Bayonne

(Item 3) The Commissioner approved and determined to execute Project Agreement for Access Road to U. S. Naval Supply Depot at Bayonne, Project DA-NR-2 -- AN-WPMS 71-A (2); the amount of Federal funds obligated by this agreement being $347,636.79 of which $338,283.67 is charged against the allotment made under Section 6 of the Defense Highway Act of 1941, and $9,353.12 against the allotment made under the Emergency Relief Appropriation Act of 1935. The total of Federal funds obligated is 100% of the total estimated cost of the project, including construction, construction engineering and right of way.

Fort Dix Access Road

(Item 4) The Commissioner approved and determined to execute Project Agreement for Access Road to Fort Dix from Mansfield Square to Georgetown, Project DA-WR-1 (1); the amount of Access Road funds under the provisions of the Defense Highway Act of 1941, obligated by this agreement being $814,630.00 which is 100% of the total estimated cost of the project including right of way, construction engineering and construction.

Motor Vehicle Aid-Atlantic County

(Item 5) The Commissioner approved agreement for motor vehicle aid to Atlantic County for the year 1942 and also the Annual Work Program for County Roads and Bridges of Atlantic County for the year 1942, in the total amount of $412,062.49, it being understood that the County will pay an additional $106,267.50 for debt service.

Repairs - Camden County

(Item 6) The Commissioner approved awards of contracts by Camden County to the Union Building & Construction Company, for 43,400 gallons of Road Tar (RT-7 or RT-8) furnished, delivered and applied at $.12 per gallon, and 24,000 gallons of Tar, Grade RTCB-5, at County Mixing Plant, at $.12 per gallon.

Repairs - Hudson County

(Item 7) The Commissioner approved the request of Hudson County to revise the Administration and Engineering Schedule (Schedule "F") in their work program for 1942, by eliminating the item of $20,000.00 set up for consulting engineering services on Ravine Road, and setting same up for salaries in the County Engineer's Office.

Township & Borough Aid- Bergen County

(Item 8) The Commissioner approved cancellation of $2,500.00 of 1941 township and borough aid funds from the allotment to Maywood Borough, Bergen County, on Spring Valley Road, Section #2, and reallotment of same to Glen Rock Borough, as additional aid for the placing of a bituminous penetration macadam surface on Radburn Road. Approval was also given the request to do this work by force account, the borough to agree to complete same for the amount of $3,700.00. The supplemental force account price agreement was also approved.

(Item 54) The Commissioner approved a settlement with Theodore Lowden and Wife in the sum of $6,500.00 for Parcels 65A and 65B on Route 40, Section 5B, Red Lion to Buddtown Road, with the provision that the owners retain the buildings and clear the premises at their own expense before January 1, 1943. It was further directed that the condemnation proceedings previously authorized be discontinued.

Right of Way - Route 39

(Item 55) The Commissioner directed that an official offer in the sum of $3,700.00 be made to the Manor Realty Company for Parcels 3A, 3B, 3C, 3D, and 3E on Route 39, Sections 1C and 2A, Bordentown to Mansfield Square, and in the event of failure to accept same that the property be acquired by condemnation.

Right of Way - Route S41

(Item 56) The Commissioner directed that an appeal be taken from the award as made by condemnation commissioners in the sum of $4,100.00 with interest thereon from April 14, 1942, for the property of Harry Dwier, Parcel 4 on Route S41, Sections 3B and 4A, from Kresson to Route 43.

Right of Way - Route 25

(Item 57) The Commissioner authorized and directed the following procedure in connection with the acquisition of property of the Reliable Improvement Company, Parcels R4A, R4B, 4C, 4D and 4E, on Route 25, Section 34, Port Street to Foundry Street in the City of Newark:

1. That condemnation proceedings be instituted against the Reliable Improvement Company, Delancy-Stockton Corporation, et al for Parcels R4A, and XR4A, at an agreed award of $32,000.00.

2. That condemnation proceedings be instituted against the Reliable Improvement Company, Harry McDonough et al for Parcels R4D and R4E-1, at an agreed award of $17,500.00.

3. That authority be granted to secure Parcels R4B, R4C and R4E-2 by agreement with the Reliable Improvement Company at a price of $31,500.00, plus the sum of $1,023.57 for apportionment of the 1942 taxes on all parcels; it being understood that the Reliable Improvement Company will also convey all right, title and interest that it may retain in Parcels R4A, XR4A, R4D and R4E-1 after the condemnation proceedings.

The Commissioner further authorized, in the event it is found necessary to do so, an increase in the amount of the agreed award in Item 2 from $17,500.00 to an amount not exceeding $20,000.00, and if such an increase is made, authority is given to reduce the amount of $31,500.00 in Item 3 to a minimum of $29,000.00 in order that the total consideration to be paid for all seven parcels shall not exceed the sum of $81,000.00; exclusive of the sum of $1,023.57 for the apportionment of taxes as referred to in Item 3.

Right of Way - Route 1

(Item 58) The Commissioner authorized acceptance of title from the Holland Laundry Company, Inc., to Parcels 3A and 3B on Route 1 Connection, Section 9, from Route 1, Section 9, at about Station 268 to the Hudson County Boulevard at 63rd Street, subject to such rights if any, which the Passaic Valley Sewerage Commissioners may have in the premises.

Right of Way - Route 28

(Item 59) The Commissioner approved elimination of that portion of the clause in the existing agreement with Pierce Nichols and Wife for conveyance of Parcel 25 on Route 28, Section 25, Whitehouse to North Branch, which affects all the owner's frontage excepting that immediately adjacent to Parcel 25.

Right of Way - Route 29

MINUTES OF MEETING - OCTOBER 28, 1942

The fourteenth stated meeting was held by State Highway Commissioner Spencer Miller, Jr., on Wednesday, October 28, 1942 at 2:00 P.M. with the following staff members present:

Commissioner Miller, E. V. Connett, A. Lee Grover, K. D. Rice, M. L. Howell, Frank A. Reddan, C. F. Bedwell, James L. Hays, Frank C. Young, Benjamin C. VanTine, J. A. Williams, A. W. Muir, John W. Aymar, Jr., Edward E. Reed and Fred H. Baumann.

The regular Schedule of Business was taken up and the Commissioner stated that the items hereinafter listed in these minutes are approved as indicated, the same having been recommended by the various Division Heads and the Acting State Highway Engineer.

Access Road to Motor Reception Park

(Item 1) The Commissioner approved plans and specifications for construction of Access Road to the U. S. Motor Reception Park, Borough of Carteret, Middlesex County, Federal Project DA-WR-6, for submission to the Public Roads Administration for their approval and authorization to proceed with the work by Maintenance Division forces.

Grade Crossing Elimination, D. L. & W. R. R., Riverview Drive, Totowa

(Item 2) The Commissioner accepted the completed work on the contract of the Franklin Contracting Company for construction of grade crossing elimination of the D. L. & W. Railroad, at Riverview Drive, Totowa, Federal Aid Grade Crossing Project FAGM-31, and authorized the making of final payment thereon when the necessary formalities have been observed. It was further directed that the D. L. & W. Railroad Company, the County of Passaic, and the Borough of Totowa be advised of this action in order that they may arrange for proper maintenance of the project in accordance with agreement dated February 18, 1941.

Grade Crossing Elimination, C. R.R. of N. J., West Avenue, Sewaren

(Item 3) The Commissioner accepted the completed work on the contract of the Hogan-Gaul Construction Company for construction of grade crossing elimination on the C. R. R. of New Jersey Railroad at West Avenue, Sewaren, and authorized the making of final payment thereon when the necessary formalities have been observed. It was further directed that the Central Railroad Company and the Board of Freeholders of Middlesex County be advised of this action in order that they may arrange for proper maintenance of the project in accordance with agreement dated September 5, 1940.

Route 25, Section 34

(Item 4) The Commissioner directed that the contract of the International Excavating Company for placing fill on Route 25, Section 34, Port Street to Foundry Street, Newark, be terminated in accordance with the provisions of the supplementary specifications, for the reason that the Works Projects Administration withdrew all labor from the project on July 27, 1942. The Commissioner also accepted the work which has been performed on this contract in its present condition, and authorized the making of final payment thereon when the necessary formalities have been observed.

Fort Dix Access Road, Section 1

(Item 5) The Commissioner approved of J. P. Burns subletting Items 45, 46, and 47 comprising concrete curb and concrete island construction, Items 53, 54, 55, 56 and parts of Items 57, 59, 60, 61, 62, and 67 comprising the bridge across Assiscunk Creek and

Fort Dix Access Road, Section 1 (Cont.)

two drainage culverts in connection with their contract for construction of Fort Dix Access Road, Section 1, to the Frapaul Construction Company, Inc., in accordance with the usual regulations.

Access Road to Camp Kilmer

(Item 6) The Commissioner approved and determined to execute an agreement as submitted with the Board of Chosen Freeholders of Middlesex County covering understandings in connection with the construction and maintenance of Access Road to Camp Kilmer, Middlesex County, Federal Project DA-WR-5.

Route 6, Section 9

(Item 7) The Commissioner authorized reimbursement to the Delaware, Lackawanna & Western Railroad Company for the cost of rearranging their tracks over the siding of the Beattie Manufacturing Company in order to meet the grade of State Highway Route 6, Section 9, as constructed at that location, in an estimated amount of $670.00; it having developed that it was impractical to construct this road at the grade of the siding as provided for in the agreement made with the Beattie Manufacturing Company for conveyance of certain lands.

Signals - Traffic
Fernwood Service Station

(Item 8) The Commissioner authorized the installation of a manually operated traffic signal at the intersection of Scotch Road and the driveway entrance to the Fernwood Service Station, it being understood that the cost of installation will be approximately $1,600.00 using in general salvaged material, and the maintenance and operation will amount to approximately $100.00 per year.

Lighting - State Highways

(Item 9) The Commissioner approved and determined to execute an agreement with the Borough of Waldwick continuing for the calendar year 1942, the understandings contained in the agreement dated December 24, 1938, covering the sharing of the cost of providing eleven 400 candle power standard lighting units at several intersections on State Highway Route 2.

Motor Vehicle Aid - Bergen County

(Item 10) The Commissioner directed that action on Item 10, covering the approval of certain transfers on the 1942 Work Program of Bergen County be withheld, and that Mr. Reed be requested to submit a written memorandum in regard to the general procedure in connection with such transfers with a recommendation as to what the policy should be.

Motor Vehicle Aid - Camden County

(Item 11) The Commissioner approved acceptance and authorized final payment of $1,578.77 as the State's share on W.P.A. Project No. 1 (a portion of County-Wide W.P.A. Project C-182), in Camden County, and also approved of inserting a price of $1.64 per ton for 3/4" stone in the previously approved price agreement. Approval was also given to the State sharing in the cost of purchase of a Model 19-T Ford truck for use in connection with the operation of this project.

Motor Vehicle Aid - Cumberland County

(Item 12) The Commissioner approved acceptance and authorized final payment of $1,644.56 as the State's share for the construction work completed by contract on Little Robin Branch Bridge on Mill Road, Landis Township, Cumberland County.

Township & Borough Aid - Atlantic County

(Item 13) The Commissioner approved the request of Atlantic County to use $300.00 of the $2,700.00 of 1942 township and borough aid maintenance funds set up on Seaview, Cambridge, Devonshire and Davis Avenues in Linwood City for the purchase and application

Township & Borough Aid - Atlantic County (Ctd)

of calcium chloride on these streets; the balance of $2,400.00 be held to the credit of Linwood City.

Township & Borough Aid - Atlantic County

(Item 14) The Commissioner approved the request of Atlantic County to make the following revisions in their 1941 and 1942 dirt road schedules:

> 1941 Schedule: In Linwood City transfer $1,000.00 State's share from Seaview Avenue to the construction of storm water drainage on Kirklin Avenue in accordance with a plan submitted and on file with the State Highway Department. Length 585' - estimated cost $1,111.11.
>
> 1942 Schedule: In Buena Vista Township, transfer the allotments from Llewelyn Avenue, Pacific Avenue and Brewster Road amounting to $305.91 State's share, to the grading and graveling of Central Avenue. Length 4,500' estimated cost $339.90.
>
> In Linwood City, pay $1,500.00 State's share to Atlantic County for the graveling and general maintenance of Patcong Avenue, Hamilton Avenue, Woode-Lynne Boulevard, Franklin Boulevard, Cambridge Avenue, Cheltenham Boulevard, Balfour, Arlington, Berkshire and Glenside Avenue (a substitute program). Length 9,850' - estimated cost $1,666.67.
>
> In Port Republic City transfer the $630.00 State's share from Shell Landing Road to Sanford Avenue. Length 0.19 mile - estimated cost $1,111.11 ($360.00 State's share already being set up on Sanford Avenue in the approved schedule).

Township & Borough Aid-Burlington County

(Item 15) The Commissioner approved award of contract for construction of Knickerbocker Road, Florence Township, Burlington County, to the low bidder, Kingston Bituminous Products Company on their lump sum bid of $4,635.81 for Bituminous Concrete, Type "T" surface. Approval was also given to transferring $540.00 State's share of 1942 township and borough aid funds from Potts Mill Road and Cedar Lane to the Knickerbocker Road surface contract.

- - - -

(Item 16) The Commissioner approved the recommendation of the Acting Assistant State Highway Engineer that the award of contract for construction of Elbo Lane, Section 2, Mt. Laurel Township, Burlington County, be not approved due to the high prices bid and the fact that the low lump sum bid is 52% in excess of the funds available.

Township & Borough Aid - Camden County

(Item 17) The Commissioner approved the recommendation of the Acting Assistant State Highway Engineer that the award of contract for construction of Wood Avenue, Barrington Borough, Camden County, be not approved due to the high prices bid and the fact that the low lump sum bid of 70.5% in excess of the funds available.

Township & Borough Aid - Cape May County

(Item 18) The Commissioner approved the recommendation of the Acting Assistant State Highway Engineer that the request of North Wildwood City, Cape May County, to substitute tar for asphalt in the contract for various streets be not approved.

- - - -

(Item 19) The Commissioner approved the recommendation of the Acting Assistant State Highway Engineer that the request of Sea Isle City, Cape May County, to hold Contract No. 572 for improvement of Central Avenue in abeyance be not approved, but that the funds allotted on that project be held to the credit of Sea Isle City.

Township & Borough Aid - Essex County

(Item 20) The Commissioner approved award of contract for construction of Main Street, Town of Belleville, Essex County, to the low bidder, Thomas Gallo, on his lump sum bid of $110,099.78 for Bituminous Concrete, FABC-2 surface.

(Item 31) The Commissioner approved the action of West Milford Township, Passaic County, in declaring an exigency to exist and executing a supplemental contract for the construction of the surface on West Brook Road, Section 2, using non-critical materials.

Township & Borough Aid - Salem County

(Item 32) The Commissioner approved acceptance and authorized final payment of $4,064.40 State's share, for the construction work completed by force account on Sorenson Road, Hutchinson Court, Fourth Street and Woodland Avenue, Upper Penns Neck Township, Salem County, township and borough aid.

- - - -

(Item 33) The Commissioner approved acceptance and authorized final payment of $6,304.80 State's share for the construction work completed by contract, and engineering, on Lawrence Road, Quinton Township, Salem County, Township and Borough Aid.

- - - -

(Item 34) The Commissioner approved cancellation of $2,250.00 State's share of 1942 township and borough aid funds from Fifth Street, City of Salem, Salem County, which funds have been released by the city, together with unexpended balances as listed on the slip presented and filed with the records in the amount of $469.54, or a total of $2,719.54; and reallotment of $2,700.00 of this amount to Quinton Township, Salem County for construction of Lawrence Road, Section 2.

- - - -

(Item 35) The Commissioner approved the request of Salem County to change the type of treatment proposed on the following roads from slow curing oil to tar and chips: Maplewood, Pinewood, and Oakwood Avenues in Upper Penns Neck Township; Eldridges Hill-Auburn Road, Section 1 in Pilesgrove Township. Approval was also given to revising the type of work on New Bridge Road to tar and chips in addition to slow curing oil inasmuch as the first application of slow curing oil was applied to this road in May. The Commissioner also approved addition of the following roads to the approved schedule, for treatment with tar and chips: Elmer-Palatine Road, 2.43 miles in Pittsgrove Township; Maple Grove-Steel Corner Road, Section 1, 1.4 miles in Upper Pittsgrove Township; Enlow Place, Cedar Street, Dunlap Avenue, Sunset and Davis Streets, Oriental Avenue, River Drive, Benson and Jenkins Avenues, 2.3 miles in Lower Penns Neck Township.

Township & Borough Aid - Somerset County

(Item 36) The Commissioner approved the request of Somerset County to add to its already approved 1942 township and borough aid maintenance schedule, Valley Road and Crossway, Section 4, in Watchung Borough, from Bonnie Burn Road to the Union County line, a distance of .89 mile, for repair of shoulders and construction of concrete wing walls, at an estimated cost of $2,000.00, the State's share of 90%, or $1,800.00, to come from the unallotted balance of funds remaining to the credit of Somerset County.

- - - -

MINUTES OF MEETING - NOVEMBER 12, 1942

The fifteenth stated meeting was held by State Highway Commissioner Spencer Miller, Jr., on Thursday, November 12, 1942, at 2:00 P.M., with the following staff members present:

Commissioner Spencer Miller, Jr.; C. F. Bedwell, Acting State Highway Engineer; Edward E. Reed; James L. Hays; Benjamin C. VanTine; John W. Aymar; Frank A. Reddan; Alex W. Muir; and A. Lee Grover

The regular Schedule of Business was taken up and the Commissioner stated that the items hereinafter listed in these minutes are approved as indicated, the same having been recommended by the various Division Heads and the State Highway Engineer.

Route 4, Section 1-B

(Item 1) The Commissioner accepted the completed work on the contract of C. F. Malanka & Son, Inc., for the paving of Route 4, Section 1-B, South Amboy to Cheesequake, and authorized the making of final payment thereon when the necessary formalities have been observed.

Route 6 (1917), Section 16

(Item 2) The Commissioner approved plans and specifications for the construction of Route 6 (1917), Section 16, Broadway and Jersey Avenue Connection, Brooklawn and Gloucester City, Camden County, Federal Aid Project AN-FAP 121-A (2); and ratified the placing of advertisements for bids to be received on November 16th.

Access Road to Port Newark

(Item 3) The Commissioner approved and determined to execute Project Agreement for Project DA-NI-6 (1), Access Road to Port Newark; the amount of access funds obligated being $7,410.00 which is 100% of the total estimated cost; this project being constructed by the Maintenance forces of the Highway Department.

Route 6, Section 9-A

(Item 4) The Commissioner approved and determined to execute Project Agreement for Route 6, Section 9-A, from Valley Road to Union Avenue, Project SN-FAP-131 H (1); the amount of 1942 regular Federal Aid funds obligated being $383,977.00 which is 75% of the total estimated Federal participating cost.

Lighting - State Highways

(Item 5) The Commissioner authorized negotiations with the Town of Kearny to reimburse them for four additional 400 c.p. highway lighting units to be maintained on Route 25M between Jacobus Avenue and the Passaic River Bridge in the vicinity of the Western Electric Company plant (old part of Lincoln Highway) within the limits of the municipality; at a maximum cost to this department of approximately $164.00 a year. The Commissioner further determined that the agreement with the said Town when prepared on this basis will be approved and executed.

Signals - Traffic

(Item 6) The Commissioner authorized negotiations with the County of Hudson and the Borough of North Arlington, relative to this Department assuming fifty percent of the cost of current for operating a traffic signal located at the intersection of Routes 2 and 7, Ridge Road and Belleville Turnpike; it being estimated that the State's share will be approximately $100.00 a year for current. The Commissioner further determined that an agreement with the said County and Borough when prepared on this basis will be approved and executed.

Motor Vehicle Aid - Camden County

(Item 7) The Commissioner approved acceptance and authorized final payment of $12,924.00 as the State's share for County-Wide

Cont'd

Motor Vehicle Aid-Camden County (Contd.)

W.P.A. Project No. 6, Camden County, Motor Vehicle Aid. Approval was also given to the rates and prices appearing in the final estimate, and increasing the limit of the State's share to $12,924.00 which is the full amount of the State allotment on this project.

Repairs - Cape May County

(Item 8) The Commissioner approved the request of Cape May County to transfer $4,000.00 from North Wildwood Road, Section 2, on Schedule B of their 1942 Work Program, to Schedule E of that program for the maintenance and extraordinary repair of bridges (40 feet and over), in accordance with resolution adopted by the Cape May County Board of Freeholders on November 4, 1942.

Repairs - Hudson County

(Item 9) The Commissioner approved the specifications of Hudson County for the following materials to be used in the repair of roads during 1942: 10,000 sq. yards Pavement Cut-outs; 800 tons Sheet Asphalt, Bottom Course; 800 tons Sheet Asphalt, Top Course; 2,000 gallons Asphaltic Crack Filler; 20,000 gallons Bituminous Surface Treatment; and 100 Tons Grade B Screenings.

Repairs - MercerCounty

(Item 10) The Commissioner approved the request of Mercer County to transfer the sum of $159.00 from Schedule "F", Administration and Engineering, in their 1942 Work Program(from the salary item for engineer's office) to Bridges (5 to 40 feet span) on Schedule "E", Maintenance and Extraordinary Repair of Bridges; this amount to be used to cover the cost of emergency work on Bridge No. 252.2 on the Hopewell-Stoutsburg Road, which was necessary after a severe flood at that location on August 9, 1942.

Motor Vehicle Aid - Salem County

(Item 11) The Commissioner approved acceptance and authorized final payment of $6,874.75 for the construction work completed by contract on Alloway-Friesburg Road, Section 2, Alloway Township, Salem County, Motor Vehicle Aid.

(Item 12) The Commissioner approved the request of Salem County to add the construction of southerly abutment of New Bridge, No. 1399, to Schedule "C", Construction and Reconstruction of Bridges, in their 1942 Work Program; and also approved the transfer of $9,000.00 from Schedule "E", Maintenance and Extraordinary Repair of Bridges and Culverts (5 to 40 feet spans) to construction of the said southerly abutment of New Bridge No. 1399 in Lower Alloways Creek Township.

Motor Vehicle Aid - Warren County

(Item 13) The Commissioner approved acceptance and authorized final payment of $7,002.48 State's share for the construction work and drainage completed by force account on County-Wide Project, W.P.A. C-232, Warren County, Motor Vehicle Aid. Approval was also given to inserting rates of fifty-five and sixty-five cents per cubic yard for hauling mine tailings in the previously approved price agreement for this job.

Township & Borough Aid-Atlantic County

(Item 14) The Commissioner approved the request of Atlantic County to use 24" double strength vitrified clay pipe and cast iron catch basins, if available, otherwise concrete catch basins instead of galvanized iron pipe and cast iron catch basins as originally approved for the proposed drainage work on New Jersey Avenue in Somers Point City under the 1942 township and borough aid maintenance schedule. Approval was also given to doing this drainage work by force account due to the fact that the war conditions have developed a situation where lack of competition results in abnormally high prices for this form of construction.

Township & Borough Aid-Atlantic County

(Item 15) The Commissioner approved the request of Buena Vista Township, Atlantic County, to do the work on Main Avenue by force account, the township to agree to complete .7 mile of gravel surface calcium chloride treated, for the amount of $2,000.00. The force account price agreement was also approved.

Township & Borough Aid - Bergen County

(Item 18) The Commissioner approved the award of contract for construction of West Prospect Avenue, Waldwick Borough, Bergen County, Township and Borough Aid, to the low bidder, United Construction Company, on their lump sum bid of $9,712.50 for 3" Bituminous Macadam Penetration surface, using tar in penetration.

Township & Borough Aid-Camden County

(Item 19) The Commissioner approved the action taken by Mt. Ephraim Borough, Camden County, in cancelling the contract with J. R. Williams for improvement of Centre Street and Sixth Avenue, due to the Federal Government order freezing bituminous materials specified in the contract; and directed that the original contract and bond be returned from our files.

(Item 20) The Commissioner approved the action taken by Mt. Ephraim Borough, Camden County, in declaring an exigency to exist in connection with the improvement of Centre Street and Sixth Avenue, and also approved the revised specifications for this work. Approval was further given to taking invitation bids for the construction of this project with non-critical materials instead of advertising.

(Item 21) The Commissioner approved the request of the Camden County Board of Freeholders to make the following changes in their approved 1942 Dirt Road Schedule:

> In Clementon Borough, in place of the bituminous surface treatment work originally proposed on Park Avenue and Various Streets, substitute the grading and graveling of Lake, Delaware and Davis Avenues.
>
> In Somerdale Borough, in place of the bituminous surface treatment work originally planned on Hilltop, Magnolia and Various Streets, substitute the regrading, regraveling and surface treatment with calcium chloride of Park, Garden, Cedar, West Crestwood and Chestnut Avenues.
>
> In Haddonfield Borough, use an unexpended balance of $1,385.46 to surface treat Tavistock Lane with Tar and Chips, and for the grading and graveling of Birdwood and Harding Avenues.

(Item 22) The Commissioner approved the 1942 township and borough aid maintenance schedule, and agreement for Camden County in the total amount of $24,077.77, the State's share being ninety percent or $21,669.99.

Township & Borough Aid-Cumberland County

(Item 23) The Commissioner approved the request of Downe Township, Cumberland County to do the work on Hand's Creek Road by force account instead of contract, the township to agree to complete .9 mile of gravel surface, including calcium chloride treatment, for the amount of $4,500.00. The force account price agreement was also approved.

Township & Borough Aid-Essex County

(Item 24) The Commissioner approved the request of Montclair Town, Essex County, to increase the contract for Claremont Avenue, Section 2, approximately 26.192 percent, in accordance with letter of September 12, 1942 from the Assistant Town Engineer. Change of Plan No. 1 which provides for the additional work involved was also approved.

Township & Borough Aid-Gloucester County

(Item 65) The Commissioner determined to execute a formal application to be presented to the Board of Commerce and Navigation for the riparian grant required for Parcels R-T3A and T-3B on Route 35, Section 38, Morgan to Laurence Harbor, and also approved the conveyance of Parcel 8B to the Board of Commerce and Navigation in accordance with one of the provisions of this application.

Right of Way - Route 4 Connection

(Item 66) The Commissioner approved an agreement with Ocean City Harbors in the sum of $4,500.00 for Parcels 8A, C, D, E, and F on Connection from Route 4 to Somers Point Traffic Circle, and directed that the condemnation proceedings as heretofore authorized for Parcels 8A,B,C,D,E, and F be discontinued in view of the fact that Parcel 8B is not owned by Ocean City Harbors. The Commissioner further authorized negotiations with the Charles W. Pierson Estate for the said Parcel 8B.

Right of Way - Route 15 (1917)

(Item 67) The Commissioner approved an agreement with the Millville Manufacturing Company for conveyance of Parcel E-3 on Route 15, Sections 2 and 3, Bridgeton to Millville, at a consideration of $1.00, and directed that the condemnation proceedings heretofore authorized be discontinued; the owner in this case having been advised that the Maintenance Division of the State Highway Department is to perform certain work at this point including the construction of a series of ditch checks and placing of rubble at the bottom of the ditch to retard the flow of water and materially stop any further erosion.

Right of Way - Route 39

(Item 68) The Commissioner approved a settlement with Harry Forman and Wife in the sum of $2,350.00 for Parcel 15 on Route 39, Sections 1C and 2A, Bordentown to Mansfield Square, the owners to retain buildings and clear the right of way, and directed that the condemnation proceedings as heretofore authorized be discontinued.

Right of Way - Route S41

(Item 69) The Commissioner approved a settlement with John Burov et al, in the sum of $400.00 for Parcel 66 on Route S41, Sections 3B and 4A, from Kresson to Route 43, and directed that the condemnation proceedings as heretofore authorized be discontinued.

Right of Way - Route 54

(Item 70) The Commissioner approved a settlement with Mabel H. Pierson & Husband in the sum of $1,955.00 for Parcels 58A, 58B-1, 58B-2, and 58B-3 on Route 54, Section 1, from Second Road, Hammonton to Landisville Road, Buena, and directed that the condemnation proceedings as heretofore authorized be discontinued.

Right of Way - Asbury Avenue

(Item 71) The Commissioner approved payment of the award as made by condemnation commissioners in the sum of $50.00 with interest from July 18, 1942 for property of Mildred Ostrowsky, Parcel 29 on Asbury Avenue Widening, from Route 35 to Wayside or Bowne Road (portion of Asbury Avenue & Connection, Route 35 to Route 33).

(Item 72) The Commissioner approved payment of the award as made by condemnation commissioners in the sum of $100.00 with interest from July 18, 1942 for property of Morris Schatz, Parcel 26, on Asbury Avenue Widening, from Route 35 to Wayside or Bowne Road (portion of Asbury Avenue & Connection, Route 35 to Route 33).

(Item 73) The Commissioner approved payment of the award as made by condemnation commissioners in the sum of $100.00 with interest from July 18, 1942 for property of Rose Warner Adler, Widow, for Parcel 32 on Asbury Avenue Widening, from Route 35 to Wayside or Bowne Road (portion of Asbury Avenue & Connection).

Right of Way - Route 4 Connection

(Item 74) The Commissioner rescinded the action as taken on December 23, 1941 in approving an agreement with A. C. Robinson and Elizabeth C. McCauley in the sum of $600.00 for Parcel 12 on Connection from Route 4 to Somers Point Traffic Circle, Section 1, in view of the fact that investigation of the title discloses that the owners will be unable to convey valid title by reason of which the agreement becomes null and void. The Commissioner further directed that this parcel be acquired through condemnation proceedings in view of the fact that the owner is unable to convey valid title.

Right of Way - Route 1

(Item 75) The Commissioner authorized payment of an additional amount of $625.00 to the Lehigh Valley Railroad Company on account of the acquisition of Parcel T-2 on Route 1, Section 9, Connecting Link from Route 1, Section 9, at about Station 268 to the Hudson County Boulevard at 63rd Street; making a total consideration of $3,435.80 to be paid the railroad company. This additional payment

representing one-half of the cost of piping the ditch constructed by the Highway Department across the property of the railroad company.

Right of Way -Route S-3

(Item 76) The Commissioner directed that the action heretofore taken in authorizing an official offer for Parcel 28 on Route S-3, Section 3, from Route 6 at Valley Road to Passaic Avenue, be rescinded in view of the fact that it now appears that the State already owns this parcel by reason of deeds from Nils O. Lindstrom and from the Brighton Mills.

Right of Way - Route 18

(Item 77) The Commissioner rescinded the agreement as heretofore made with Frank W. Green and Wife in the sum of $600.00 for Parcels 57A, 57B and 57C, on Route 18, Section 1, from Old Bridge to Freneau Road in view of the fact that Parcel 57A is not owned in its entirety by Frank W. Green. The Commissioner further approved of agreements for this property as follows:

Parcel 57A-1	American Realty Co.	Consideration	$ 1.00
Parcel 57A-2,57B & 57C	Frank W. Green & Wife	"	600.00

Right of Way - Route 40

(Item 78) The Commissioner approved an agreement with Heirs of the Estate of John C. Prickett covering the conveyance of Parcels 5A, 5B-2 and X-5A, on Route 40, Section 5B at a consideration of $212.25 and authorized the acceptance of a deed covering these parcels including all right, title and interest that the said John C. Prickett Estate may have in and to the existing highway. The Commissioner further directed that an official offer in the sum of $135.70 be made to Heirs of the Estate of Jacob S. Prickett for Parcel 5B-1 on Route 40, Section 5B; Parcel 5 on Route 40, Section 5; and Parcel 4 on Route 40, Section 5A. The Commissioner also rescinded the actions as heretofore taken in accepting an agreement for Parcel 4 on Route 40, Section 5A and authorizing an official offer for Parcels 5A and 5B on Route 40, Section 5B.

(Item 79) The Commissioner approved a settlement with A. Evelyn Bates in the sum of $10,000.00 flat for Parcel 1B on Route 40, Section 5B, Red Lion to Buddtown Road in order to avoid further expense of litigation in view of the fact that this amount is very slightly in excess of the sum represented by the award and interest thereon. It was further directed that the action heretofore taken in approving payment of the award in the sum of $9,500.00 with interest from April 27, 1942 be rescinded. Authority was also given to disposing of the buildings to the best advantage to the State.

Route S-3, Section 3

(Item 1-A) The Commissioner directed that the contract of Santaniello Brothers for the grading on Route S-3, Section 3, between Valley Road and Passaic Avenue, Clifton be terminated in accordance with the provisions of the supplementary specifications in view of the fact that the Works Projects Administration withdrew all W.P.A. labor from this project on August 24, and no W.P.A. labor has been available since that time. The Commissioner further approved acceptance of this project in its present condition and the making of final payment thereon when the necessary formalities have been observed, the project to be maintained hereafter by the Maintenance Division.

Signals - Traffic

(Item 2-A) The Commissioner authorized the Electrical Division to install a manually operated traffic signal on Route 25 at the Newark Airport, Barracks Area UND #8, U. S. Army; it being understood that the estimated construction cost is $1,600.00 and the annual maintenance cost $100.00. Commissioner Miller directed that a notation be made of the fact that this installation is being made by order of the U. S. Army, against the better judgment of our Engineering Staff and that of the Motor Vehicle Commissioner.

Township & Borough Aid - Camden County

(Item 3-A) The Commissioner directed that the bid of J. R. Williams in the sum of $7,576.97 for 3" bituminous penetration macadam surface using tar in penetration on Centre Street and Sixth Avenue, Mt. Ephraim Borough, Camden County, Township and Borough Aid, be rejected because of the high prices.

Repairs - Hudson County

(Item 4-A) The Commissioner directed that the bids received by Hudson County for general repairs to Hudson County roads in 1942, for which the low bid was submitted by the Clinton Asphalt Company in the lump sum of $35,100.00 be rejected because of the high prices.

(Item 5-A) The Commissioner directed that the bids received by Hudson County for repairs to Hudson County Boulevard West and Hudson County Boulevard East for which the low bid was submitted by the Clinton Asphalt Company in the lump sum of $32,894.00 be rejected because of the high prices.

Specifications

(Item 6-A) The Commissioner directed that Mr. VanTine be requested to prepare a recommendation for a revision of the specifications on State Aid work in order to include a provision relative to the carrying on of winter work on such projects.

Personnel - Hours

(Item 7-A) The Commissioner directed that copies of Executive Order Number 15 as made by Governor Edison establishing a five-day week for all State departments, commissions, institutions, boards and agencies in the interest of conserving heat, light, power, gasoline and rubber be forwarded to each of the Divisions and Sub-Divisions, and that they advise at once of any deviations from the hours of work established by that order which may appear to be necessary or desirable for the efficient operation of the Department.

Respectfully submitted,

A. Lee Grover,

Secretary.

MINUTES OF MEETING - NOVEMBER 25, 1942

The sixteenth stated meeting was held by State Highway Commissioner Spencer Miller, Jr., on Wednesday, November 25, 1942, at twelve o'clock Noon with the following staff members present:

complete 2765' of gravel surface for the amount of $2,500.00 and to the price agreement.

Township & Borough Aid - Salem County

(Item 32) The Commissioner approved acceptance and authorized final payment of $4,050.00 for the construction work completed by force account on North Smith Avenue, Section 2; East Harmony Street, Section 2; East Griffith Street, Section 2; and East Pitman Street, Section 2; Borough of Penns Grove, Salem County, township and borough aid.

(Item 33) The Commissioner approved acceptance and authorized final payment of $1,350.00 for the construction work completed by force account on Barber Avenue, Borough of Penns Grove, Salem County, Township and Borough Aid.

(Item 34) The Commissioner approved force account price agreement for construction of Lawrence Road, Section 2, Quinton Township, Salem County, township and borough aid, the township to agree to complete .65 mile of gravel surface, calcium chloride treated, for the amount of $3,000.00.

Township & Borough Aid - Sussex County

(Item 35) The Commissioner approved acceptance and authorized final payment of $15,862.40 for 1942 township and borough aid maintenance work in Sussex County, in accordance with the final certificate of expenditure as filed. Approval was also given to having the balances on roads costing less than the scheduled amount apply to roads, the cost of which exceeded the schedule.

(Item 36) The Commissioner approved award of contract for construction of River Road, Section 5, Walpack Township, Sussex County, township and borough aid, to the low bidder B & G Construction Company on their lump sum bid of $20,919.04 for 10" gravel surface. Approval was also given to changing the specified date of completion to December 10, 1943 due to the delay in the approval of award.

Right of Way - Route 3

(Item 37) The Commissioner approved purchase agreement with Alice and Hilma Turner, for the conveyance of Parcel E-36 on Route 3, Section 3, Randolph Avenue (Clifton) to Market Street (Paterson), at a consideration of $1.00 subject to any encumbrances that may be found of record.

Right of Way - Route S3

(Item 38) The Commissioner approved purchase agreement with John R. Klinefelter, for the conveyance of Parcel 4 on Route S3, Section 4, Passaic Avenue to Passaic River, at a consideration of $375.00.

Right of Way - Route 35-4N Conn.

(Item 39) The Commissioner approved purchase agreement with Ethel D. Nevius for the conveyance of Parcel E-15 on Route 35-4N, Section 1, Connection to West Long Branch, at a consideration of $25.00.

Right of Way - Route S41

(Item 40) The Commissioner approved purchase agreement with Dirod Morawski and Wife for the conveyance of Parcels R-16A and RX-16A on Route S41, Section 1, Widening, portion between Route 25 and Kings Highway, at a consideration of $560.00, the owner to retain and remove roadstand and sign.

Right of Way - Route 51

(Item 41) The Commissioner approved purchase agreement with Willard E. Gerner and Wife, for the conveyance of Parcel E-7 on Route 51, Section 2, Bridgeport to Swedesboro, at a consideration of $260.00.

Right of Way - Route 18

(Item 42) The Commissioner approved a settlement with Anna C. Ferry, widow, in the sum of $780.00 for Parcel 71 on Route 18, Section 1, Old Bridge to Freneau Road, and directed that the condemnation proceedings previously authorized be discontinued.

Right of Way - Route 39

(Item 43) The Commissioner approved a settlement with Sarah A. Access Road to Port Newark /

(Item 1) The Commissioner approved plans and specifications for Access Road to Port Newark on Port Street, Newark, from Route 25 to Doremus Avenue, Project DA-NI-6B (1), for submission to the Public Roads Administration for approval and authority to advertise for bids, with the understanding that this project when approved will be advertised on a ten-day basis.

Route 35, Section 38 /
Bridge over N.Y. & L.B.R.R.

(Item 2) The Commissioner approved plans and specifications for construction of the substructure of a bridge to carry Route 35, Section 38, over the tracks of the N.Y. & L.B.R.R. at Morgan in Middlesex County, and ratified the placing of advertisement for bids to be received on December 28th.

Bridges, Route 28, Sections 25 & 26 /

(Item 3) The Commissioner accepted the completed work on the contract of Ell-Dorer Contracting Company, for construction of bridges over Station Road and North Branch of the Raritan River on Route 28, Sections 25 and 26, with the exception of the chain and concrete post barriers which it is deemed advisable to postpone until spring; and authorized the making of semi-final payment thereon, when the necessary formalities have been observed, withholding 125% of the contract value of the uncompleted work amounting to approximately $1,583.00.

Routes 4 & 35, Section 11B, /
Oak Street Grade Separation

(Item 4) The Commissioner directed that the contract of the Hogan-Gaul Construction Company for construction of the Oak Street Grade Separation on Routes 4 and 35, Section 11B, be terminated in accordance with the provisions of the contract specifications, and authorized the making of final payment for the completed work on this contract when the necessary formalities have been observed.

Route 45, Newton Creek Bridge /

(Item 5) The Commissioner authorized the granting of an extension of time of forty-seven and a half (47½) working days without imposing a penalty on the contract of the Eisenberg Construction Company for construction of the North Approaches of Newton Creek Bridge on Route 45.

(Item 6) The Commissioner accepted the completed work on the contract of the Eisenberg Construction Company for the construction of the North Approaches of Newton Creek Bridge on Route 45, and authorized the making of final payment thereon when the necessary formalities have been observed.

Routes 45 & 47, Big Timber Creek /
Bridges and Approaches

(Item 7) The Commissioner authorized the granting of an extension of time of twenty-nine (29) working days without imposing a penalty on the contract of the Eisenberg Construction Company for reconstruction of the North Approaches to Big Timber Creek Bridge on Route 45.

Routes 45 & 47, Big Timber Creek Bridges and Approaches

(Item 8) The Commissioner accepted the completed work on the contract of the Eisenberg Construction Company for construction of the North Approach Structure at Big Timber Creek Bridge on Route 45, and construction of storm drain at Big Timber Creek Bridge on Route 47, and authorized the making of final payment thereon when the necessary formalities have been observed. The Commissioner further directed that a penalty of $240.00 be imposed against this contract, representing fifty percent of the contract value of some thirty-two tons of bituminous concrete pavement, type "A", top course, laid on the job, which was deficient in composition.

Fort Dix Access Road, Section 1

(Item 9) The Commissioner approved of J. P. Burns subletting Items 4, 5 and a portion of Item 3, comprising pavement excavation, wet excavation, and 200,000 cubic yards of earth excavation, in connection with their contract for construction of Fort Dix Access Road, Section 1, to Beyer & McCann, in accordance with the usual regulations.

(Item 10) The Commissioner approved of J. P. Burns subletting the portion of Item 1 involving the removal of trees and brush, but not grubbing, and all of Item 52, Wood Guard Rail Fence, in connection with their contract for the construction of Fort Dix Access Road, Section 1, to Ted G. Whitmyer, in accordance with the usual regulations.

Bridges - Burlington County

(Item 11) The Commissioner granted an extension of time of sixty-three and a half (63½) working days to January 12, 1942 for completion of the contract of Frank J. Hill, Jr., for reconstruction of five bridges in Burlington County, designated as FAS-55A (1), 56A(1), 57A(1), 58A(1), and 59A(1), made necessary due to the non-delivery of structural steel for Project FAS-56A(1). The Commissioner further directed that liquidated damages be imposed against the contract for these bridges for the overrun of ninety-five calendar days from January 12, 1942 to April 17, 1942, at $20.00 per day or a total of $1,900.00.

Brunswick Pike Road, Section 1

(Item 12) The Commissioner directed that a penalty in the amount of $125.00 be imposed against the contract of Edward H. Ellis, Inc., for construction of Brunswick Pike Road, Section 1, Federal Aid Secondary Project FAS 43A (1), on account of a deficiency in the weight of certain material used, the amount of material deficient being comparable to that required to lay 250 square yards of the bituminous concrete pavement which at the contract unit price of fifty cents per square yard amounts to $125.00. In this connection, the Commissioner directed that it be noted that the Laboratory reports indicate this deficiency will not seriously impair the strength of the pavement.

Route 6, Section 9A

(Item 13) The Commissioner approved of the Franklin Contracting Company subletting Items 39, 40, 41, 42, 43 and 44, comprising curb, sidewalk, islands and headwalls, in connection with the contract for construction of Route 6, Section 9A (Paving), Valley Road to Union Avenue, to the Frapaul Construction Company in accordance with the usual regulations.

Abandonment - Route 25

(Item 14) The Commissioner made the following Order and Determination abandoning that portion of Georges Road formerly used as a part of State Highway Route 25, which has been replaced by the construction of Route 25, Section 33A, on new alignment between Deans and Cranbury:

cont'd.

Abandonment - Route 25 (Contd.)

WHEREAS, there has heretofore been taken over by the State Highway Commission as a State Highway a certain road known as State Highway Route 25 (Revision of 1927) and

WHEREAS, upon the construction and improvement of State Highway Route 25, Section 33-A, Deans to Cranbury, Middlesex County, there is a certain portion of the road heretofore used as part of the State Highway which is no longer needed as a part of the State Highway System.

NOW, THEREFORE, I, Spencer Miller Jr., State Highway Commissioner, acting for and in behalf of the State of New Jersey, do hereby determine to abandon as a part of the State Highway System that portion of Georges Road hereinafter described and as shown in red on the attached map, in accordance with the provisions of Title 27 of the Revised Statutes. This abandonment to be effective December 31, 1942.

Beginning at a point on Georges Road at the intersection of State Highway Route 25 opposite Station 490.+ 0 of the construction plans of Route 25, Section 33A, South of Dayton, thence northerly along the various courses of Georges Road a distance of about four (4) miles to connect with the part of Georges Road formerly abandoned by resolution of the State Highway Commissioner on July 27, 1936, at the intersection in the vicinity of Station 322 + 85 of the construction plans of Route 25, Section 11.

IT IS FURTHER ORDERED that a copy of this Order and Determination be certified by the Secretary of the State Highway Department and by him forwarded to the Board of Chosen Freeholders of Middlesex County, and the Township of South Brunswick.

Abandonment - Route 28

(Item 15) The Commissioner made the following Order and Determination, abandoning that portion of Route 28 through White House which has been replaced by the construction of Route 28, Sections 24A and 25A, White House Relocation:

WHEREAS, there has heretofore been taken over by the State Highway Commission as a State Highway a certain road known as State Highway Route 28 (Revision of 1927) and

WHEREAS, upon the construction and improvement of State Highway Route 28, Sections 24A and 25A, White House Relocation, from the South Branch of Rockaway Creek to Readington Road, Hunterdon County, there is a certain portion of the road heretofore used as part of the State Highway which is no longer needed as a part of the State Highway System.

NOW, THEREFORE, I, Spencer Miller Jr., State Highway Commissioner, acting for and in behalf of the State of New Jersey, do hereby determine to abandon as part of the State Highway System that portion of the old road hereinafter described and as shown in red on the attached map, in accordance with the provisions of Title 27 of the Revised Statutes. This abandonment to be effective December 31, 1942.

Beginning at the intersection of the old road and the new road as constructed at about Station 466 + 0; thence along the old road in a general southeasterly direction through White House a distance of about 1.5 mile to the intersection of the old road and the new road as constructed at about Station 527 + 0.

Contd.

Abandonment - Route 28 (Contd.)

(Item 1) The Commissioner accepted the completed work on the contract of Louis Sodi (deceased) for the construction of Kingwood-Byram Road, Section 5, Kingwood Township, Hunterdon County, Federal Project FAS 48A (1), and authorized the making of final payment thereon when the necessary formalities have been observed.

Access Road to Camp Evans

(Item 2) The Commissioner approved plans and specifications for construction of Access Road to Camp Evans (Shark River Area SCRL), Riverside Drive, Neptune Township, Monmouth County, Federal Project DA-WR-7, for submission to the Public Roads Administration for their approval and authority to proceed; the work to be performed by Neptune Township on a force account basis.

Route 35, Section 38
Overpass of N.Y. & L.B.R.R.

(Item 3) There was submitted the following report of bids received for construction of substructure for the Overpass of the New York and Long Branch Railroad on Route 35, Section 38:-

Fehlhaber Pile Company	$ 108,607.00
Ell-Dorer Contracting Company	117,566.00
H. L. Harrison & Son Inc.	120,600.50
Franklin Contracting Company	121,483.75

The Commissioner awarded the contract for construction of the said Overpass of the New York and Long Branch Railroad on Route 35, Section 38, to the low bidder, Fehlhaber Pile Company, on their low lump sum bid of $108,607.00.

Route 1, Bridge over N.Y.S. & W.R.R.

(Item 4) The Commissioner granted an extension of time of 37½ working days for completion of the contract of J. P. Burns for construction of the bridge carrying Route 1 over the tracks of the New York, Susquehanna & Western Railroad at Fairview in view of the delays occasioned due to inability to obtain a sufficient supply of skilled labor and prompt delivery of concrete materials.

Bridges, Route 28, Sections 25 & 26

(Item 5) The Commissioner granted an extension of time of fifteen working days for completion of the contract of the Ell-Dorer Contracting Company for construction of bridges over the North Branch of Raritan River and Station Road on Route 28, Sections 25 and 26, in view of the inability of the contractors to obtain a sufficient number of carpenters and concrete finishers, and the scarcity of trucks for hauling certain material.

Route 6, Section 9A

(Item 6) The Commissioner approved of the Franklin Contracting Company subletting Item 27, Lane Separators in their contract for the paving of Route 6, Section 9A, Valley Road to Union Avenue, to the Frapaul Construction Company, in accordance with the usual regulations.

Taking Over - Route 25B

(Item 7) The Commissioner made the following Order and Determination taking over a portion of legislated Route 25-B, from the intersection of Port Street and Bay Avenue, to a point near the intersection of Port Street and Terminal Street:

Whereas, under the provisions of Title 27 of the Revised Statutes of New Jersey, the State Highway Commissioner may take over any route, routes or parts thereof of these highways designated in the Act and Supplements thereto;

Now, Therefore, I, Spencer Miller Jr., State Highway Commissioner, acting for and in behalf of the State of New Jersey, do hereby designate and take over as a part of the State Highway System for construction and maintenance after construction that portion of Legislated Route 25-B shown in red on the attached map as "Proposed West Bound Roadway" between Bay Avenue and Terminal Street in the City of Newark, said maintenance to cover the roadway, pavement, bridges and slopes shown on the map. The portion of Legislated Route 25-B to be taken over is more clearly described as follows:

Beginning at the intersection of Port Street and Bay Avenue in the City of Newark and continuing eastwardly on a radius of 988' and thence still in an eastwardly direction, parallel to and 136' from the center line of Port Street crossing the Central Railroad of New Jersey; thence curving to the right with a radius of 1988' still in an easterly direction to Port Street near the intersection of Terminal Street, all as shown on map entitled: "State of New Jersey, Highway Department, Plan Showing Relocation of part of Port St. at the Central R. R. of New Jersey for West Bound Traffic, City of Newark, Essex County, December 1942, Scale 1" = 100' ".

And Be It Ordered that notice be given that the right be and the same is hereby reserved, in accordance with the provisions of the said Title 27 of the Revised Statutes, to abandon or vacate at some future date all or any portion of the road described above.

And Be It Further Ordered that the City of Newark and County of Essex be given notice that they are required to file with the State Highway Department within thirty (30) days of the date hereof, any agreements or copies of franchises they may have with any public utilities or other company, firm, individual or corporation affecting the construction, maintenance or use of the above described road.

And Be It Further Ordered that a copy of this Determination and Order be certified by the Secretary of the State Highway Department and by him forwarded to the City of Newark and County of Essex.

Regulations - Expenses

(Item 8) The Commissioner approved the following Regulations governing Allowance for Additional Expenses Incurred in the Performance of State Business, as submitted and recommended by the Acting State Highway Engineer, the same to become effective as of January 1, 1943, and to continue for the duration of the war or until amended or rescinded:

contd

Compensation for expenses actually incurred is to make comparable allowance for additional living and transportation cost imposed on some employees by reason of the changing location of their assignments, and is not to be construed as extra compensation for services performed.

The following rules shall govern reimbursement for expenses actually incurred by employees who are not assigned permanently to specific locations. Rules 7, 8 and 9 apply to all employees:

1. No reimbursement will be allowed for mid-day meals.

2. Employees living at home and assigned to work some distance from home shall bear the expense of transportation up to 20¢ for each work day. Transportation expenses, over and above the maximum of 20¢ per work day to be borne by the employee, will be reimbursed by the Department but not to exceed fifty dollars for a full month.

3. Where employees are required by assignment to live away from home expenses for the additional maintenance cost involved will be reimbursed not to exceed fifty dollars for a full month.

4. If the cost of transportation from home to the assignment would result in a lesser amount to be reimbursed than the cost of maintenance on the job, then in that event reimbursement will be allowed not to exceed the limitations of Rule 2.

Definition: The word "home" as used herein means the permanent living quarters of an employee which he continuously maintains.

5. Reimbursement for expenses incurred for a combination of Rules 2 and 3 will be allowed in accordance with the limitations of those rules not exceeding fifty dollars for a full month.

6. Reimbursement at the rate of four cents per mile for the use of privately owned cars for transportation to assignment will be allowed, when the use of such cars is first specifically approved, within the limitations of Rule 2. However, where public conveyances are conveniently available and the employee for his own convenience elects to use his personal car for transportation, no reimbursement will be allowed.

Note: During the gasoline and rubber emergency the use of automobiles is to be curtailed to the minimum and public conveyances used whenever practicable.

7. Moving expenses will be allowed when employees are transferred permanently from one location to another; or when temporarily transferred, moving expenses will be allowed when the cost to the State will not exceed transportation and/or living expense allowance for the total period of the assignment.

8. Except for mid-day meals, reimbursement will be allowed for necessary expense of transportation and not to exceed $4.00 per day for maintenance on all temporary assignments at locations away from the regular base. However, when the assignment is known in advance to be for a period in excess of one month at a particular location, then Rules 2 and 3 shall apply.

cont'd

9. When any employee is required to work two hours or more overtime, he will be allowed a flat $1.00 for overtime meal.

In submitting expense accounts, the total actual amounts expended, except for mid-day meals, shall be shown in detail. That portion to be allowed for reimbursement will be computed on the above basis by the auditors.

Hotel or boarding house charges and moving costs must be supported by receipted invoices.

The utmost endeavor must be exerted by all employees to the end that expenses will be kept to an absolute minimum. It is not expected that employees will establish their homes at locations isolated in relation to the work of the Department but will endeavor to select locations conveniently situated with respect thereto.

Employees will be assigned to work as close to their homes as possible in keeping with the most efficient assignment of personnel.

Affidavit will be required to the effect that employees seeking expense reimbursement are continuously maintaining permanent living quarters at a particular location, and the submission of expense accounts will be taken as continued evidence of an unchanged status in that respect.

Falsification of expense accounts will be cause for disciplinary action and nullification of the privilege of expense allowance.

Specifications

(Item 9) The Commissioner approved the following revisions in the 1941 Standard State Highway Specifications for Road and Bridge Construction made necessary due to the issuance of Limitation Order L-179 by the War Production Board, and in order that same will conform with the latest specifications of 1942 as issued by the American Association of State Highway Officials:

Highway Problems Conference

(Item 1-A) There followed a discussion relative to the Highway Problems Conference of the Association of Highway Officials of the North Atlantic States, which is to be held in New York City on February 17, 18 and 19, and the attendance of representatives of the Department at same. Mr. VanTine stated that in his opinion, the attendance of Department representatives at State expense was not warranted this year, in view of the shortage of funds and the restrictions that have been placed on traveling, etc. Mr. Bedwell stated he felt that these meetings were essential, especially for the engineers. Following a discussion of the whole situation, Commissioner Miller stated he felt we were under a certain obligation to maintain our skill at the highest level possible and that attendance at these technical conferences might well be considered as a part of a so-called in-service training. The Commissioner

Highway Problems Conference (Contd.)

requested that Mr. Bedwell prepare a list of the key men in the Department whom he would recommend attend this conference as delegates at State expense and submit to him for approval; it being understood that such other employees who may desire to attend this conference at their own expense will be allowed to take the necessary time.

Right of Way - Route 25A, Detour

(Item 2-A) Mr. Aymar presented the question of securing the necessary right of way for the construction of Route 25A through Newark, Harrison and Kearny, with particular reference as to whether an attempt should be made to secure same well in advance of the construction. A general discussion was had in this matter, and the question of whether there were sufficient funds available with which to proceed; the general consensus of opinion being that all possible steps should be taken to emphasize the necessity for funds being made available to facilitate the acquisition of the necessary right of way.

Accounting - Funds

(Item 3-A) A general discussion was had concerning the financial situation as regards the State Highway Department and the appropriations for 1943.

Equipment - Traffic Counters

(Item 4-A) The Commissioner approved the recommendation of the Acting State Highway Engineer that the electric eye traffic counters be discontinued from use on our highways, and that the same be removed from the highways for storage.

Respectfully submitted,

A. Lee Grover

Secretary.

MINUTES OF MEETING - FEBRUARY 11, 1943

The twenty-first stated meeting was held by State Highway Commissioner Spencer Miller, Jr., on Thursday, February 11, 1943, at 2:30 P.M. with the following staff members present:

> Spencer Miller, Jr., State Highway Commissioner; E. V. Connett, Assistant to the Commissioner; C. F. Bedwell, Acting State Highway Engineer; Edward E. Reed, Acting Assistant State Highway Engineer; Benjamin C. VanTine, A. W. Muir, John W. Aymar, Frank A. Reddan and A. Lee Grover.

The regular Schedule of Business was taken up and the Commissioner stated that the items hereinafter listed in these minutes are approved as indicated, the same having been recommended by the various Division Heads and the Acting State Highway Engineer, or Acting Assistant State Highway Engineer, and approved by the General Solicitor.

Honorable Walter Kidde

Commissioner Miller directed that the following minute be included in the record of this meeting:

"The New Jersey State Highway Department records with deep sorrow the passing of Mr. Walter Kidde, Engineer, industrial leader, churchman, public servant, and member of the State Highway Commission from 1923 to 1927.

"During his term as a member of the State Highway Commission the expanded system of State Highways in New Jersey was planned and developed. His own service was not only conscientious and intelligent, but always in the public interest.

"It is hereby ordered that a copy of this minute be forwarded to the family of Mr. Kidde with our expression of the sympathy of the State Highway Department."

Right of Way - Route 29

(Item 1) The Commissioner approved a purchase agreement with Heirs of the Estate of Anna M. Weis and Heirs of C. M. Weiss for the conveyance of Parcels 14A and 14B on Route 29, Section 2E, Rahway River to Westfield Avenue, Mountainside, at a consideration of $3,000.00.

Right of Way - Route 30

MINUTES OF MEETING - MARCH 12, 1943

The twenty-third stated meeting was held by State Highway Commissioner Spencer Miller, Jr., on Friday, March 12, 1943 at twelve o'clock Noon with the following staff members present:
Edward E. Reed, H. W. Giffin, Benjamin C. VanTine, John W. Aymar, Frank C. Young, A. W. Muir, Fred H. Baumann, Frank A. Reddan and A. Lee Grover.

The regular Schedule of Business was taken up and the Commissioner stated that the items hereinafter listed in these minutes are approved as indicated, the same having been recommended by the various Division Heads and by the Acting State Highway Engineer or Acting Assistant State Highway Engineer and approved by the General Solicitor.

Right of Way - Route 3

(Item 1) The Commissioner approved purchase agreement with Godfrey Estates, Inc., for the conveyance of Parcel E-35 on Route 3, Section 3, Randolph Avenue (Clifton) to Market Street (Paterson), at a consideration of $1.00.

Right of Way - Route S3

(Item 2) The Commissioner approved purchase agreement with John T. Laytham & Wife, for the conveyance of Parcels 38 and X38 on Route S3, Section 3, from Route 6 at Valley Road to Passaic Avenue, at a consideration of $1,500.00.

Right of Way - Route 29

(Item 3) The Commissioner approved purchase agreement with James M. Wade et al, for the conveyance of Parcels 8A and 8B on Route 29, Section 2D, Morris Avenue, Union to Rahway River, at a consideration of $1,000.00, the owner to clear the right of way.

Right of Way - Route 30

(Item 4) The Commissioner authorized acceptance of a deed of easement from Alfred W. Booraem & Wife covering the conveyance of Parcel 10 on Route 30, Section 8, Clinton to Hampton, at a consideration of $1.00.

Right of Way - Route 34

(Item 5) The Commissioner approved purchase agreement with the First National Bank of Freehold, Executor and Trustee of the Estate of Leon A. Barkalow, (deceased) for the conveyance of Parcel 1-U on Route 34, Section 4, New Bedford Road to Route 33, at a consideration of $200.00.

Right of Way - Route 33-35 Conn.

(Item 6) The Commissioner approved a settlement with Isadore Popowsky & Wife in the sum of $50.00 for Parcel 44 on Route 33-35 Connection, Section 1, from Route 33 at Anderson's Corner to Asbury Avenue at Wayside Road, and directed that the condemnation proceedings as previously authorized be discontinued.

Right of Way - Route 39

(Item 7) The Commissioner approved a settlement with Hector Lamont in the sum of $11,000.00 for the conveyance of Parcels 16A, 16B and 16C on Route 39, Sections 1C and 2A, Bordentown to Mansfield Square, the owner to retain and remove buildings, shrubs, trees, etc., and directed that the appeal as heretofore authorized be discontinued. Commissioner Miller directed that a notation be made, that while this amount seems to be in excess of the actual value of the property, he is approving the settlement in view of the fact that war conditions make it necessary to acquire the land without delay in order that the road may be completed as quickly as possible and he feels that this element of necessity counterbalances the fair value.

Right of Way - Route 4 Conn.

(Item 8) The Commissioner approved payment of the award as made by condemnation commissioners in the sum of $360.00 with interest from November 12, 1942 for the property of Margaret E. Somers, Parcel 17A on Route 4 Connection to Somers Point Traffic Circle, Section 1.

(Item 9) The Commissioner approved payment of the award as made by condemnation commissioners in the sum of $85.00 with interest from November 12, 1942 for the property of Florence Hayday Brooks et al, Parcel 19B on Route 4 Connection to Somers Point Traffic Circle, Section 1.

(Item 10) The Commissioner approved payment of the award as made by condemnation commissioners in the sum of $1,800.00 with interest from November 7, 1942 for the property of John J. Foster et al, Parcels 10A, 10B and 10C on Route 4 Connection, to Somers Point Traffic Circle, Section 1.

Right of Way - Route 6

(Item 11) The Commissioner directed that condemnation proceedings be instituted in order to obtain title to the property of Mary Bertoni, Inc., Parcel E-133 on Route 6, Section 8, Valley Road to Route 3.

Right of Way - Route 44

(Item 12) The Commissioner approved payment of $215.96 to the Board of Commerce and Navigation covering Grant of lands under water in Oldman's Creek fronting on State Highway Route 44, Sections 2B, 4B and 7B, Oldman's Creek to Pennsgrove Cutoff, known as Parcels T-1A and T-1B, upon execution and delivery of the said grant.

Route 4, Section 1B

(Item 13) The Commissioner directed that a penalty in the amount of $37.80 be imposed against the contract of C. F. Malanka & Son, Inc., for construction of Route 4, Section 1B, South Amboy to Cheesequake; the said penalty covering a deficiency in the weight of material used in the construction of certain bituminous concrete pavement, which deficit is comparable to the amount of material required to lay 54 square yards of this pavement; which at the contract unit price of $.70 per square yard amounts to $37.80.

Access Road to Camp Evans

(Item 14) The Commissioner approved and determined to execute an agreement with the Township of Neptune, Monmouth County, covering understandings in connection with the construction, maintenance and financing of Access Road to the Shark River Area Signal Corps Radar Laboratory, Camp Evans, known as Federal Project DA-WR-7.

Route 25A, Detour

(Item 15) The Commissioner approved and determined to execute an agreement with the United New Jersey Railroad and Canal Company (Pennsylvania Railroad Company, Lessee) covering understandings in connection with the construction of Route 25A, Detour between Harrison and Newark, utilizing the upper level of the Hudson & Manhattan Railroad Bridge over the Passaic River.

Township & Borough Aid - Bergen County

(Item 16) The Commissioner approved of granting an extension of time from December 30, 1942 to April 1, 1943 for completion of the work by contract on Lafayette Avenue, Section 2, Cliffside Park Borough, Bergen County, Township and Borough Aid; and also approved of waiving charges for State inspection up to and including April 1, 1943, as the cause of the delay was beyond the control of the contractor.

Township & Borough Aid - Camden County

(Item 17) The Commissioner approved acceptance and authorized final payment of $10,913.63 State's share for the construction work completed by contract on King Street, Gloucester City, Camden County, Township & Borough Aid.

Township & Borough Aid-Cape May County

(Item 18) The Commissioner approved the request of Cape May County to insert the following prices in the previously approved price agreement for 1942 township and borough aid maintenance work:

City of North Wildwood: Chestnut Street, First Street, Second Street, etc., Road Gravel delivered on work @ 65¢ ton

City of Cape May: Guerney Street, Stockton Place, Howard Street etc., RT 10 @ 13¢ per gallon, and Pea Gravel delivered @ $1.00 per ton.

(Item 19) The Commissioner approved acceptance and authorized final payment of $1,755.01 State's share for the construction work completed by contract on West Brook Road, Section 2, West Milford Township, Passaic County, Township & Borough Aid.

Township & Borough Aid-Camden County

(Item 20) The Commissioner directed that the action of July 1, 1941 approving plans and specifications, and the action of July 22, 1941 approving a price agreement on East Atlantic Avenue, Laurel Springs Borough, Camden County, be rescinded in view of the fact that this entire project has been deferred because of the war emergency. Approval was further given to applying the $1,500.00 available to the grading and graveling of approximately 500' of East Atlantic Avenue from Station 16 + 50 to 21 + 00 in order to eliminate a hazardous traffic condition at this location. The Commissioner also approved of doing this work by force account, the borough to agree to complete same with the State's share not exceeding $1,500.00, and also approved the price agreement covering same.

Township & Borough Aid-Morris County

(Item 21) The Commissioner approved acceptance and authorized final payment of $198.79 State's share for the maintenance work completed by contract on Roosevelt and Cathedral Avenues, Florham Park Borough, Morris County, 1941 township and borough aid maintenance.

Township & Borough Aid - Ocean County

(Item 22) The Commissioner approved the request of Dover Township, Ocean County to transfer $1,440.00 State's share of 1942 township and borough aid funds from White Oak Bottom Road and Barnegat Boulevard to the construction of Vermont Avenue, Section 2. Approval was further given the request to do the work on Vermont Avenue, Section 2, by force account, the township to agree to complete .26 mile of gravel surface, calcium chloride treated, for the amount of $1,600.00. The force account price agreement was also approved.

MINUTES OF MEETING - MARCH 24, 1943

The twenty-fourth stated meeting was held by State Highway Commissioner Spencer Miller, Jr., on Wednesday, March 24, 1943, at twelve o'clock Noon with the following staff members present:

E. V. Connett, Edward E. Reed, H. W. Giffin, Benjamin C. VanTine, A. W. Muir, John W. Aymar, Frank C. Young, Fred Baumann, Frank A. Reddan and A. Lee Grover.

The regular Schedule of Business was taken up and the Commissioner stated that the items hereinafter listed in these minutes are approved as indicated, the same having been recommended by the various Division Heads and by the Acting State Highway Engineer or Acting Assistant State Highway Engineer and approved by the General Solicitor.

Right of Way-Route 25

(Item 1) The Commissioner approved purchase agreement with the Capitol Land Company for the conveyance of an easement for construction of an open ditch on Route 25, Sections 5B and 6B, Port Reading Railroad to Plainfield Avenue, Parcel E-16, at a consideration of $455.00.

Right of Way - Route 25A Detour

(Item 2) The Commissioner approved agreement with the National Oil Products Company, relative to Parcel 3 on Route 25A Detour, Hudson & Manhattan Bridge and Approaches, at a consideration of $201.00, including $200.00 for alterations to garage and $1.00 for lease of land for a period ending two years after termination of the war.

Right of Way - Route 34

(Item 3) The Commissioner approved purchase agreement with the Coast Finance Co. Inc., for conveyance of Parcels 1A, 1B, 1G, 1J-1, 1K-1, 1L-1A, 1L-1E and X-1B, on Route 34, Sections 6 and 7, Widening River Road from Riveria Beach to Laurelton, at a consideration of $25,066.00. In this connection, Commissioner Miller directed that note be made of the fact that he had personally inspected this property before approving the recommendation.

Right of Way-Route 4 Conn.

(Item 4) The Commissioner approved a settlement with Fannie W. Lehman (single) in the sum of $750.00 for Parcel 14 on the Connection from Route 4 to Somers Point Traffic Circle, Section 1, and directed that the condemnation proceedings heretofore authorized be discontinued.

Right of Way - Route 18

(Item 5) The Commissioner approved a settlement with Eva L. Woodmansee in the sum of $150.00 for Parcel 28 on Route 18, Section 1, Old Bridge to Freneau Road, and directed that the condemnation proceedings heretofore authorized be discontinued.

(Item 6) The Commissioner approved a settlement with William J. Hawkins, (single) in the sum of $418.00 for Parcel 70 on Route 18, Section 1, Old Bridge to Freneau Road and directed that the condemnation proceedings previously authorized be discontinued.

Right of Way - Route 39

(Item 37) The Commissioner ratified the following Orders orders which have been made since the last stated meeting:

Right of Way - Routes 21,25 and 29; and Route 25

(March 26, 1943) Approval is hereby given to the entering into and execution of an agreement between the City of Newark and the State of New Jersey involving right of way along Routes 21, 25 and 29, Newark Junction; Route 25, Section 30, Passaic River Bridge and Approaches; and Route 25, Section 32, Port Street, Newark to Neck Lane, Elizabeth; which agreement contains the following provisions:

1. The City will convey to the State the following parcels of land: Routes 21, 25 and 29, Newark Junction -- Parcels 1A1, 1A2, 1A3, 1A4, 1A5, 1A6, 1A7, 1A8, 1A9, 1B1, 1B2, 1B3, 1B5, 1B6, 1B7, W1A1, W1A3, W1A5, W1A6, 1W1A9, 2W1A9, W1B1A1, W1B1A2, W1B1B1, W1B1B2, W1B3, W1B4, W1B5, W1B6, W1B7, 1C, 1D and E1A1;

   Route 25, Section 30, Passaic River Bridge and Approaches-- Parcel 1;

   Route 25, Section 32, Port Street, Newark to Neck Lane, Elizabeth -- Parcels 1A, RW1A, R1B, R1C, R1D, 1E, 1F, 1G, 1H, R1J and 1K.

2. The State is to release the City from its obligation to pay any portion of the cost of acquiring the Wilkinson-Gaddis Company property, Route 21, Section 2, Parcels 31, 31X and 31Y.

3. The State is to convey to the City, Parcels 31X and 31Y on Route 21, Section 2, and pay the sum of \$3,817.62 (which amount is the equivalent of ½ of the taxes that would have been assessed against the Wilkinson-Gaddis Company for eight months of 1943); and the sum of \$2,250.00 (being ½ of the cost of certain appraisals secured by the City to determine the market value of the Wilkinson-Gaddis property); or a total of \$6,067.62.

4. The City will enter into a new lease with Airport Garage, Inc., which is presently in possession, as lessee, of a portion of Parcels 1A and RW1A on Route 25, Section 32; such new lease to provide that the tenant may continue in possession of the portions of Parcels 1A and RW1A until the State shall require the same for highway purposes, at which time the State will pay to Airport Garage, Inc., the sum of \$20,000.00 upon the removal of buildings, fixtures and equipment and the clearing of the highway right of way by Airport Garage, Inc.

5. The City will enter into a new lease with the S.S. Corporation of New Jersey, which is presently in possession, as lessee, of a portion of Parcel R1B on Route 25, Section 32; such new lease to provide that the tenant may continue in possession of the portions of Parcel R1B until the State shall require the same for highway purposes, at which time the State will pay to the S.S. Corporation of New Jersey the sum of \$11,000.00 upon the removal of buildings, fixtures and equipment and the clearing of the highway right of way by the S.S. Corporation.

6. The City will convey to the State Parcel R1D on Route 25, Section 32 (listed above), presently in possession of Haynes Avenue Super Service Station, Schulman Bros. Inc., when the City shall obtain possession thereto, but not later than January 1, 1948, with the understanding that if the State

Route 25 (Continued) ✓

needs the property prior to January 1, 1948, and the City is not able to obtain possession, then the State will assume any cost which it is required by law to be paid to said Haynes Avenue Super Service Station.

7. Nothing contained in the agreement submitted herewith shall be construed to in any wise affect the agreement dated April 19, 1939.

Authority is hereby given to dispose of the buildings on Parcels 31, 31X and 31Y on Route 21, Section 2, to the best advantage to the State in accordance with the terms of the agreement.

All of the above being as recommended by John W. Aymar, Senior Right of Way Agent and approved by Benjamin C. VanTine, General Solicitor.

MINUTES OF MEETING - APRIL 30, 1943

The twenty-sixth stated meeting was held by State Highway Commissioner Spencer Miller, Jr., on Friday, April 30, 1943 at twelve o'clock Noon with the following staff members present:

E. V. Connett, C. F. Bedwell, Edward E. Reed, Benjamin C. VanTine, John W. Aymar, Frank A. Reddan and A. Lee Grover.

The regular Schedule of Business was taken up and the Commissioner stated that the items hereinafter listed in these minutes are approved as indicated, the same having been recommended by the various Division Heads, and the Acting State Highway Engineer or Acting Assistant State Highway Engineer, and approved by the General Solicitor.

Route 18, Section 1 ✓

(Item 1) The Commissioner directed that the contract of the Weldon Contracting Company for grading Route 18, Section 1, Old Bridge to Route 4, be annulled in accordance with the provisions of Article 1.7.5 of the contract and specifications, in view of the fact that the Director General of Operations of the War Production Board, under date of March 11, 1943, issued a "Stop Construction Order" prohibiting further construction on this project for the reason that it is not considered essential to the war effort.

Lighting - State Highways ✓

(Item 2) The Commissioner approved and determined to execute an agreement with the New Jersey Power & Light Company covering lighting on Route 6A, Sections 3 and 4A, Picatinny Arsenal Access Road, for which the installation of twenty-six (26) 400 C.P. lamps was authorized on November 25, 1942. It is understood there is no construction cost involved in this agreement and that the total annual operating cost will be $898.80 per year.

(Item 3) The Commissioner approved and determined to execute a supplemental agreement with the New Jersey Power & Light Company, relative to lighting on Routes 6 and 10, at the Grade Separation and Traffic Circle at Ledgewood, which agreement allows the State to discontinue any lamp or lamps included in the original agreement dated December 29, 1934, without further cost except for the line charge involved.

(Item 4) The Commissioner approved and determined to execute renewal agreements permitting this Department to grant State Aid for 1943 in the form of reimbursement for certain lighting as listed below:

Orders ✓

(Item 47) The Commissioner ratified the following orders which have been issued by him since the last stated meeting:

Agreement - P.R.R. Bridges ✓
Access Road to Port Newark ✓

(April 20, 1943) Approval is hereby given to execution of an agreement with the New York Bay Railroad Company, Pennsylvania Railroad Company, Lessee, covering understandings in connection with the construction of bridges to carry the Access Road to Port Newark over the Pennsylvania Railroad interchange tracks at Newark, as recommended by C. F. Bedwell, Acting State Highway Engineer, and approved by Benjamin C. VanTine, General Solicitor.

Kingwood-Byram Road, Section 5

(April 21, 1943) Approval is hereby given to an extension of time of 24½ working days on the contract of Louis Sodi for the construction of Kingwood-Byram Road, Section 5, Federal Aid Secondary Project FAS 48-A (1), as recommended by C. F. Bedwell, Acting State Highway Engineer, because of the extreme difficulty experienced by the contractor in securing sufficient labor to man the job due to gasoline and tire rationing; the Public Roads Administration having concurred in the granting of this extension of time.

Personnel - Efficiency Records ✓

(April 27, 1943) In a further attempt to give the fullest possible value to Efficiency Ratings in this Department, and to further insure against the possibility of personal feelings entering into the marking of an employee; and to enable the marking and approving officers to more readily justify their ratings at future dates; IT IS HEREBY ORDERED that the following procedure will be followed in assigning, correcting and approving Efficiency Ratings:

1. The original marking shall be made by the immediate supervisor.

2. The Sub-division Head -if any- will then approve or correct the original marking and initial any correction.

3. The Division Head will then approve or correct the marking and initial any correction.

Personnel - Efficiency Records (Ctd.) ✓

The object of this procedure is to preserve a complete record on the Efficiency Rating sheets of any correction which may be made after the original marking by the immediate supervisor. It is not only permissible, but advisable for the correcting officers to make a notation of why the correction of a mark has been made. This may be done on the reverse side of the sheet if there is not sufficient space on the form itself.

Secretary.

MINUTES OF MEETING - JUNE 1, 1943

The twenty-eighth stated meeting was held by State Highway Commissioner Spencer Miller, Jr., on Tuesday, June 1, 1943, at twelve o'clock Noon, with the following staff members present:
E. V. Connett, C. F. Bedwell, Edward E. Reed, Benjamin C. VanTine, A. W. Muir, John W. Aymar, James L. Hays, Fred Baumann, Frank A. Reddan and A. Lee Grover.

The regular Schedule of Business was taken up and the Commissioner stated that the items hereinafter listed in these minutes are approved as indicated, the same having been recommended by the various Division Heads and the Acting State Highway Engineer or Acting Assistant State Highway Engineer, and approved by the General Solicitor.

Access Road to Naval Supply Depot

(Item 1) The Commissioner accepted the completed work on the contract of the New Jersey Asphalt & Paving Company for the construction of Access Road to the U. S. Naval Supply Depot, Bayonne, Federal Project DA-NR-2, and authorized the making of final payment thereon when the necessary formalities have been observed.

Picatinny Arsenal Access Road

(Item 2) The Commissioner granted an extension of time of thirty working days to the Franklin Contracting Company for completion of Stages 1 and 2 of their contract for the construction of Picatinny Arsenal Access Road, Sections 3 and 4A, Federal Project DA-WR-2, such an extension having been approved by the Public Roads Administration, on account of the fact that delays beyond the control of the contractor were caused by encountering ledge rock in the excavation for Ramp "B".

Fort Dix Access Road, Section 2

(Item 3) The Commissioner granted an extension of time of twenty-five working days to the Franklin Contracting Company for completion of the concrete pavement, gravel shoulders, and bituminous concrete intersections on the northeasterly half of Fort Dix Access Road, Section 2, Mansfield Square to Georgetown, Federal Project DA-WR-1, which extension has been approved by the Public Roads Administration, because the contractor was delayed in starting paving operations while awaiting final word concerning the change in the type of construction joint to be used.

Route 54, Section 1, Folsom

(Item 4) The Commissioner granted an extension of time of twenty-nine working days to the Eisenberg Construction Company for completion of their contract for the erection of a bridge to carry Route 54 over Route 42 at Folsom, and directed that liquidated damages be not imposed, due to the extraordinary difficulties encountered in securing labor, and also because of the substitution of T-beam construction for I-beams which at the time could not be obtained.

Island Beach Access Road

(Item 5) The Commissioner approved and determined to execute Project Agreement for Access Road to U. S. Coast Guard Station on Island Beach, Federal Project DA-NR-7; the amount of Access funds obligated being $94,300.00 which is 100% of the total estimated cost.

MINUTES OF MEETING - JUNE 17, 1943

The twenty-ninth stated meeting was held by State Highway Commissioner Spencer Miller, Jr., on Thursday, June 17, 1943, at 2:00 P.M., with the following staff members present:
E. V. Connett, C. F. Bedwell, Edward E. Reed, A. W. Muir,
Benjamin C. VanTine, John W. Aymar, Fred H. Baumann,
James L. Hays, Frank A. Reddan and A. Lee Grover.

The regular Schedule of Business was taken up and the Commissioner stated that the items hereinafter listed in these minutes are approved as indicated, the same having been recommended by the various Division Heads and the Acting State Highway Engineer or Acting Assistant State Highway Engineer, and approved by the General Solicitor.

Federal Aid Highway System ✓

(Item 1) The Commissioner directed that a formal request be made to the Public Roads Administration for addition of the following described route to the Federal Aid Highway System, to be known as Federal Aid Highway Route 56:

> "Beginning at the intersection of State Highway Route S-3 with Federal Aid Route 33 (State Highway Route 2) in Rutherford, thence in an easterly direction on State Highway Route S-3 to its intersection with Federal Aid Route 50 (State Highway Route 3) in East Rutherford, approximately 2.2 miles in length."

Burlington County Bridges ✓

(Item 2) The Commissioner approved of the time for completion of the contract of Frank J. Hill, Jr., for the construction of five bridges in Burlington County being extended from January 12 to April 17, 1942, which extension will effect release of the moneys heretofore retained as liquidated damages on this contract. This action was taken by the Commissioner following receipt of a resolution adopted by the Burlington County Board of Freeholders, and information from the County Engineer of Burlington County, in explanation of the action of the county in authorizing the said Frank J. Hill, Jr., to proceed with other county work during a period of 95 calendar days after materials had been delivered for use on the contract for construction of these bridges.

Route 6, Section 9A ✓

(Item 3) The Commissioner approved of the Passaic Valley Water Commission being authorized to proceed with the work of relocating an air vent necessary in order to accommodate the paving of the new ramp to the McBride Avenue Bridge on Route 6, Section 9A, Valley Road to Union Avenue, and to be reimbursed for the cost thereof which is estimated to be $100.00.

Lighting - State Highways ✓

(Item 4) The Commissioner authorized negotiations with the Borough of North Arlington to reimburse them for two 600 c.p. highway lighting units to be maintained on State Highway Route 7 between Route 2 and Saw Mill Creek, at a maximum cost to this Department of $82.00 a year; and determined that the agreement with the said borough when prepared on that basis will be approved and executed

-----

(Item 5) The Commissioner authorized negotiations with the Town of Kearny to reimburse them for two 400 and ten 600 c.p. highway lighting units to be maintained on State Highway Route 7 between Route 2 and Saw Mill Creek at a maximum cost to this Department of $492.00 a year; and determined that the agreement with the said Town when prepared on that basis will be approved and executed.

(Item 6) The Commissioner approved and determined to execute renewal agreements permitting this Department to grant State Aid for 1943 in the form of reimbursement for certain lighting, as listed below:

MINUTES OF MEETING - JULY 14, 1943

The thirty-first stated meeting was held by State Highway Commissioner Spencer Miller, Jr., on Wednesday, July 14, 1943, at twelve o'clock Noon, with the following staff members present:

E. V. Connett, C. F. Bedwell, Edward E. Reed, A. W. Muir, Benjamin C. VanTine, John W. Aymar, Fred H. Baumann, James L. Hays, Frank A. Reddan and A. Lee Grover.

The regular Schedule of Business was taken up and the Commissioner stated that the items hereinafter listed in these minutes are approved as indicated, the same having been recommended by the various Division Heads and the Acting State Highway Engineer or Acting Assistant State Highway Engineer, and approved by the General Solicitor.

Access Roads to Fort Monmouth, Camp Woods and Camp Coles ✓

(Item 1) The Commissioner approved plans and specifications for the construction of Access Roads to Fort Monmouth, Camp Woods and Camp Coles, designated as Federal Projects DA-WR-10,11 and 12, on Pine Brook Road, Main Street, Hope Road and Half Mile Road, in the Townships of Shrewsbury and Middletown, and Boroughs of Eatontown and Oceanport, Monmouth County, for submission to the Public Roads Administration for their approval and authority to advertise for bids.

Access Road, U. S. Motor Reception Park ✓

(Item 2) The Commissioner accepted the completed work as performed by the Maintenance Division on Homestead Avenue and Blair Road, in Woodbridge Township and Borough of Carteret, known as Access Road to the U. S. Motor Reception Park, Federal Project DA-WR-6, the same being complete with the exception of placing the guard rail which must be deferred until the necessary lumber is available; and directed that the Township of Woodbridge and Borough of Carteret be advised of this action.

Grade Crossing Elimination - D.L. & W. Railroad, Riverview Drive, Totowa ✓

(Item 3) The Commissioner granted an additional extension of time of 1½ working days on the contract of the Franklin Contracting Company for construction of grade crossing elimination on the D.L. &W.R.R. at Riverview Drive, Totowa, Federal Aid Grade Crossing Project FAGM 31 (1), this making a total extension of 27½ working days granted on this contract, which is the number approved by the Public Roads Administration.

Detour - Route 6 (1917), Section 16 ✓

(Item 4) The Commissioner approved the establishment of the following detour, for use during the reconstruction of Route 6 (1917), Section 16, Broadway and Jersey Avenues, Gloucester and Brooklawn:

> Beginning at the intersection of Broadway and Jersey Avenue in the City of Gloucester City, thence along Jersey Avenue to its intersection with King Street, and thence along King Street to its intersection with Broadway.

Abandonment - Route 29 ✓

(Item 5) The Commissioner made the following Order and Determination, abandoning portions of certain roads and streets which were previously taken over as a part of Route 29 in order to accomplish the dualization of this route; this work having been completed and those portions no longer needed as a part of the State Highway System:

Abandonment - Route 29 (Continued) ✓

Whereas, there has heretofore been taken over as a State Highway, by the State Highway Commissioner, certain roads and streets known as State Highway Route 29 (Revision of 1927) together with intersecting roads and streets necessary to accomplish its dualization, and

Whereas, upon the completion of the improvement of State Highway Route 29, Sections 2E, 2D, 2C,1C and 3B, from Westfield Avenue, Mountainside, to Public Service Railway, Hillside Township, there are certain portions of intersecting roads and streets which are not needed as a part of the State Highway System.

Now, Therefore, I, Spencer Miller, Jr., State Highway Commissioner, acting for and in behalf of the State of New Jersey do hereby abandon as a part of the State Highway System and turn back to the public bodies of former jurisdiction the portions of intersecting roads shown in green on the attached plan entitled: "New Jersey State Highway Department, Route 29, Sections 2E, 2D, 2C, 1C and 3B, from Westfield Avenue, Mountainside, to Public Service Ry., Hillside Township, Plan showing Abandonment of Intersecting Roads and Remaining State Jurisdiction, Feb. 1943, Scale 1" = 300' ".

Be It Further Determined that a copy of this Order be certified by the Secretary of the State Highway Department and by him forwarded to the governing bodies having jurisdiction over the roads and streets at the time of taking over.

Lighting - State Highways ✓
Lincoln Tunnel Approach

(Item 6) The Commissioner authorized the Electrical Division to consummate negotiations with the Public Service Electric & Gas Company relative to the highway safety lighting on the Approach to the Lincoln Tunnel recently acquired by the State from the Port of New York Authority; it being understood that this will involve the discontinuance of the present plan of purchasing electric energy only under a metered rate, and substituting therefor a proposed plan under which the utility company will supply electric energy and all other services on a rate per lamp per year basis, which will be a more favorable and practicable street lighting rate.

The Commissioner further approved of $500.00 of 1942 Township and Borough Aid construction funds being withdrawn from the Special State Aid Road Fund Account and returned to the State Highway Fund.

In connection with his consideration of Item 32 of the Schedule of Business for the regular stated meeting held August 4, Commissioner Miller made the following statement:

> "When the request for approval of payment of the State's share to Essex County from the 1942 Dirt Road Fund was originally submitted to me as State Highway Commissioner at a stated meeting on June 17, 1943, I deleted the item which called for the grant of $500.00 to the Village of South Orange for seal coating pending further investigation. It has been my desire since assuming the office of State Highway Commissioner that the Village of South Orange should neither benefit particularly nor suffer adversely because of my dual position in the State and Village Government. When an investigation disclosed that the work for which this grant of $500.00 was made was begun in 1940, two years before I became Commissioner, it became clear that my action in approving this amount would not be subject to any misunderstanding. The resolution of the Trustees completed the needed authorization for work."

(Item 33) The Commissioner approved of the request of Livingston Township, Essex County, to transfer $11,500.00 State's share of 1943 Township and Borough Aid funds allotted them on Dorsa Avenue to the construction of Burnet Street.

Respectfully submitted,

A. Lee Grover,

Secretary.

MINUTES OF MEETING - AUGUST 27, 1943

The thirty-fourth stated meeting was held by State Highway Commissioner Spencer Miller, Jr., on Friday, August 27th, at twelve o'clock Noon with the following staff members present:

C. F. Bedwell, Edward E. Reed, Benjamin C. VanTine, Herman Kramer, Frank A. Reddan and A. Lee Grover.

The regular Schedule of Business was taken up and the Commissioner stated that the items hereinafter listed in these minutes are approved as indicated, the same having been recommended by the various Division Heads and the Acting State Highway Engineer or Acting Assistant State Highway Engineer and approved by the General Solicitor.

Route 4N Widening - Deal Borough ✓

(Item 1) There was submitted a report relative to the agreement dated April 1, 1942 between the Borough of Deal and the State of New Jersey whereby the Borough agrees to purchase certain property for widening Route 4N and the State agrees to widen Route 4N by including therein Norwood Drive. It was reported that at a recent conference attended by officials of the Borough, the State was informed that the Borough had performed its part of the agreement and the State was asked to take over Norwood Drive for maintenance at this time. In view of the facts set forth in this report that it is presently impossible to do the necessary construction work at this location because of the war emergency and the said Norwood Drive being of a type of construction and in a condition that make it unsatisfactory for maintenance as a part of the State Highway, the Acting State Highway Engineer was directed to inform the Borough of Deal that the State cannot accept the said Norwood Drive for maintenance at this time, but that there will be included in the program submitted to the Governor pursuant to Section 52:22-20 of the Revised Statutes, a project for the proposed widening and construction of Route 4N; and funds having been made available, the State Highway Department will go forward with this work as soon after the termination of the war as possible or at such earlier time as materials for this work are readily available and the State Highway Department can resume its normal operations.

Routes 4 & 35, Section 11B, Completion ✓

(Item 2) The Commissioner approved of Ole Hansen subletting the pneumatically applied mortar called for under Item 4B of the contract for completion of the bridge on the Oak Street Grade Separation, Routes 4 and 35, Section 11B, to the Pressure Concrete Company, in accordance with the usual regulations.

Lighting - State Highways ✓

(Item 3) The Commissioner approved and determined to execute the following renewal agreements permitting this Department to grant State Aid for 1943 in the form of reimbursement for certain lighting as listed:

		State's Share
Borough of Clayton	Route 47	$ 486.88
Borough of Fairview	Route 1 and S1	1,219.75
Borough of Point Pleasant	Route 35	631.35

Repairs - Atlantic County ✓

(Item 4) The Commissioner approved the agreement for Motor Vehicle Aid to Atlantic County for the year 1943, and also the Annual Work Program for County roads and bridges of Atlantic County for the year 1943, in the total amount of $350,180.00.

Repairs - Burlington County ✓

(Item 5) Following consideration of a report concerning the use of liquid patching material in Burlington County, the Commissioner authorized the County to purchase such an additional quantity of tar patching material as is necessary in order not to delay their surface

Repairs - Burlington County ✓

treatment work, pending results on the application for permission to purchase asphaltic materials; but did not approve of the price of $.169 per gallon for such material already purchased by the county. The Commissioner further requested that Mr. Reed follow this matter up with the county in an attempt to obtain early action on their application for a release of the asphaltic materials.

Repairs - Hudson County ✓

(Item 6) The Commissioner approved the request of Hudson County to make the following transfers in the total amount of $63,172.53 to their 1943 Work Program:

From:

County-Wide WPA Project C-239 (1942).	$63,155.74
Labor Charges (Portion of C-239) (1942)	16.79

The Commissioner also approved the agreement for motor vehicle aid to Hudson County for the year 1943 and the annual work program for county roads and bridges of Hudson County for the year 1943 in the total amount of $458,592.53.

Repairs - Union County ✓

(Item 7) The Commissioner directed that the State Treasurer be requested to transfer the sum of $38,858.08 from the Special Stat Aid Road Fund Account, to the State Highway System Fund in order that same may be available for use by Union County in the reconstruction of Stiles Street, Linden, and Pearl Street, Elizabeth.

(Item 8) The Commissioner approved the request of Union County to reconstruct Stiles Street, Linden, and Pearl Street, Elizabeth, by force account with the understanding that bids will be received for the furnishing of the bituminous concrete required, and that the other materials will be purchased under existing contracts.

Township & Borough Aid - Atlantic County ✓

(Item 9) The Commissioner approved the force account price agreement submitted by Atlantic County for use in connection with the 1943 township and borough aid maintenance schedule.

Township & Borough Aid - Bergen County ✓

(Item 10) The Commissioner approved of Old Tappan Borough, Bergen County, using $9,000.00 State's share of 1943 township and borough aid funds allotted them on Orangeburg and DeWolf Roads for the construction of these roads by force account. These roads have been heavily damaged by military traffic and immediate repairs are necessary; the Public Roads Administration has released the necessary materials for this work and the War Production Board has granted authority to begin construction. The force account price agreement for this work was also approved.

(Item 11) The Commissioner approved of Old Tappan Borough, Bergen County, transferring $15,000.00 State's share of 1943 township and borough aid funds from Orangeburg Road to the construction of Old Tappan Road by the force account method. Approval was also given to the cancellation of $3,000.00 State's share of 1943 funds from Blue Hill and Orangeburg Roads in Rivervale Township (which funds have been released by the township) and reallotment of this amount to Old Tappan Borough on Old Tappan Road. The force account price agreement for this work was also approved. Old Tappan Road has been heavily damaged by military traffic and immediate repairs are necessary, the Public Roads Administration has released the necessary materials for this work and the War Production Board has granted authority to begin construction.

In approving the above two items, Commissioner Miller directed it be noted that the County of Bergen is requesting reimbursement from the Federal Government on account of the damage done by military traffic, and that this approval is given with the understanding that if the Federal Government shall at any time reimburse the County on account of this work, such funds as are recovered by the County shall be turned over to the State Highway Department.

Township & Borough Aid - Bergen County ✓

(Item 12) The Commissioner approved the request of Rivervale Township, Bergen County, to have an additional amount of $2,370.00 of 1943 township and borough aid funds on Blue Hill and Orangeburg Roads apply to the force account construction of these roads; the cost of $7,000.00 which was estimated at the time the force account procedure was originally approved now being found insufficient for the work required.

(Item 13) The Commissioner approved the award of contract for construction of Central Avenue, East Rutherford Borough, Bergen County, Township and Borough Aid, to the low bidder, Samuel Braen's Sons on their lump sumbid of $13,642.25 for 3" Bituminous Penetration Macadam surface; the borough to pay the difference between the State funds available and the contract price.

Township & Borough Aid - Cumberland County ✓

(Item 14) The Commissioner approved acceptance and authorized final payment of $2,011.76 State's share for the construction work completed by force account on Reed Island Road, Greenwich Township, Cumberland County, Township & Borough Aid.

(Item 15) The Commissioner approved acceptance and authorized final payment of $558.77 State's share for the construction work completed by force account on Oak Villa Road, Hopewell Township, Cumberland County, Township and Borough Aid. Approval was also given to changing the approved length of this project and reducing the limit cost from $1,500.00 to $620.85 due to the fact that the road was found to be shorter in length than was believed at the time the original approval was given.

Township & Borough Aid - Essex County ✓

(Item 16) The Commissioner approved acceptance and authorized final payment of $79,000.00 State's share for the construction work completed by contract on Main Street, Belleville, Essex County, Township and Borough Aid.

(Item 17) The Commissioner approved the award of contract for construction of Windsor Place, Town of Nutley, Essex County, Township and Borough Aid, to the low bidder, T. Gallo Company, on their lump sum bid of $12,359.95 for 8" plain concrete surface.

Township & Borough Aid - Gloucester County ✓

(Item 18) The Commissioner approved the award of contract for construction of Cedar Swamp Road, Logan Township, Gloucester County, Township and Borough Aid, to J. H. Schrufer on his low lump sum bid of $7,395.65 for gravel surface, calcium chloride treated.

Township & Borough Aid - Middlesex County ✓

(Item 19) The Commissioner approved cancellation of $2,700.00 State's share of 1943 township and borough aid funds allotted Dunellen Borough, Middlesex County, for the construction of Madison Avenue (which funds have been released by the borough), and reallotment of this amount to Cranbury Township, as additional aid toward the paving of Wyckoff's Mill Road to make up the difference between the contract price and funds available and to provide funds for the State to share in the engineering.

Township & Borough Aid - Monmouth County ✓

(Item 20) The Commissioner rescinded the action taken on June 17, 1943 concerning Craig Road, Section 2, in Manalapan Township, Monmouth County. The Commissioner also approved acceptance and authorized final payment of $1,500.00 State's share for the construction work completed by force account on Craig Road, Section 2, and elimination of the calcium chloride which will be applied later by the township at no charge to the State.

Township & Borough Aid - Ocean County ✓

Right of Way - Route S3 ✓

(Item 39) The Commissioner rescinded the agreement heretofore made with Lillian Roper in the sum of $153.75 for Parcel 3 on Route S3, Section 5, Passaic River to Route 2 at Meadow Road; and authorized acceptance of a deed for the conveyance of Parcel R-3 and payment of the sum of $153.75 therefor; such action being necessary due to the fact that the map was revised due to relocation of the mean high water line of the Passaic River.

(Item 40) The Commissioner rescinded the agreement heretofore made with Frederick C. Ogden and Wife in the sum of $950.00 for Parcels 4 and X4 on Route S3, Section 5, Passaic River to Route 2 at Meadow Road; and authorized acceptance of a deed for the conveyance of Parcels R4 and XR-4 and payment of the sum of $950.00 therefor; such action being necessary due to the fact that the map was r vised due to relocation of the mean high water line of the Passaic River.

Right of Way - Route 44 ✓

(Item 41) The Commissioner approved acceptance of a release as submitted by Daniel Henninger & Wife of all claims for damages due to loss of water supply in connection with the acquisition of Parcel 27B on Route 44, Section 9, Westville to Pierces Corner, and payment of an additional sum of $366.00 therefor; making a total consideration of $1,966.00 for this parcel.

Right of Way - Route S3 ✓

(Item 42) The Commissioner rescinded the agreement as heretofore made with Brighton Mills, Inc. in the sum of $50.00 for Parcel 22D on Route S3, Section 3, from Route 6 at Valley Road to Passaic Avenue, and authorized acceptance of a deed from the said Brighton Mills, Inc., covering whatever right, title and interest they have in the said Parcel 22D, and payment of $50.00 therefor; this action being necessary due to the fact that search of the title to the premises revealed that Public Service Electric and Gas Company is the owner of record and Brighton Mills, Inc., has only the right of ingress and egress.

Motor Vehicle Aid - General ✓

(Item 43) The Commissioner directed that the matter of the apportionment of $6,735,000.00 from the Motor Vehicle Aid Fund for 1944 be held over for further consideration.

MINUTES OF MEETING - NOVEMBER 10, 1943

The thirty-seventh stated meeting was held by State Highway Commissioner Spencer Miller, Jr., on Wednesday, November 10, 1943, at 11:30 A.M., with the following staff members present:

Spencer Miller, Jr., C. F. Bedwell, E. E. Reed, A.W. Muir, Benjamin C. VanTine, John W. Aymar, Fred H. Baumann, James L. Hays, Frank A. Reddan and A. Lee Grover.

The regular schedule of business was taken up and the Commissioner stated that the items hereinafter listed in these minutes are approved as indicated, the same having been recommended by the various Division Heads and the Acting State Highway Engineer or Acting Assistant State Highway Engineer, and approved by the General Solicitor.

Access Road to Wright Aeronautical Corp. ✓

(Item 1) The Commissioner approved plans and specifications for the construction of Access Roads to Wright Aeronautical Corporation on Highland Avenue and Passaic Avenue, in Woodridge and Lodi, Bergen County, Federal Project DA-WI-13, and authorized the placing of advertisements for bids to be received on November 15th.

Routes 4 & 35, Section 11B ✓

(Item 2) The Commissioner accepted the completed work on the contract of Ole Hansen for completion of the Oak Street Overpass on Routes 4 and 35, Section 11B, Sayreville, and authorized the making of final payment thereon when the necessary formalities have been observed.

Route 35, Section 38A ✓
Bridge over N.Y. & L.B.R.R.

(Item 3) The Commissioner accepted the completed work on the contract of Fehlhaber Pile Company for construction of the substructure of bridge to carry Route 35, Section 38, over the New York and Long Branch Railroad, and authorized the making of final payment thereon when the necessary formalities have been observed.

Route 21, Section 2A, Demolition of Buildings ✓

(Item 4) The Commissioner accepted the completed work on the contract of the Jersey City Building Supply and Wrecking Company for the demolition of buildings formerly occupied by Wilkinson-Gaddis Company on Route 21, Section 2A, Newark, and authorized the making of final payment thereon when the necessary formalities have been observed.

Access Road to Camp Evans ✓

(Item 5) The Commissioner accepted the completed work as performed by the Township of Neptune, Monmouth County, on the construction of Access Road to Camp Evans, Shark River Area, Federal Project DA-WR-7, under an agreement with this Department acting as agent for the Public Roads Administration; this acceptance being subject to the approval of the U. S. Public Roads Administration.

Route 35, Section 38 ✓
Cheesequake Creek Bridge

(Item 6) The Commissioner granted an extension of time of 139 working days to the Fehlhaber Pile Company for completion of their contract for construction of the Cheesequake Creek Bridge on Route 35, Section 38, because of the labor shortage created by the number of war industries in the area. The Commissioner also accepted the completed work on this contract and authorized the making of semi-final payment thereon when the necessary formalities have been observed, withholding the sum of $30,000.00 to guarantee the completion of the Gunite work for the steel encasement that cannot be performed at this time.

Route 4, Section 41 ✓

(Item 7) The Commissioner approved the General Property Key Map for Route 4, Section 41, Gordon's Corner to Browntown, as revised and corrected, for filing in the Counties of Monmouth and Middlesex.

Services - Engineering ✓

(Item 8) The Commissioner approved acceptance of the following proposals for the performance of special engineering services in connection with the design and construction of the superstructure and related parts of the movable spans of certain bridges as listed, all of the proposals providing for a fee of 4% of the cost of the work involved;

Respectfully submitted,

A. Lee Grover,

Secretary.

MINUTES OF MEETING - MARCH 10, 1944

The forty-fourth stated meeting was held by State Highway Commissioner Spencer Miller, Jr., on Friday, March 10, 1944 at twelve o'clock Noon with the following staff members present:

> E. V. Connett, H. W. Giffin, Edward E. Reed, A. W. Muir, Benjamin C. Van Tine, John W. Aymar, Fred H. Baumann, James L. Hays, E. W. Kilpatrick, Frank A. Reddan and A. Lee Grover.

The regular Schedule of Business was taken up and the Commissioner stated that the items hereinafter listed in these minutes are approved as indicated, the same having been recommended by the various Division Heads and the Acting State Highway Engineer or Acting Assistant State Highway Engineer.

Route 3, Section 4A ✓

(Item 1) The Commissioner approved the General Property Key Map, as revised and corrected for Route 3, Section 4A, Traffic Circle at 10th Avenue, Paterson, for filing in the office of the Register of Deeds of Passaic County.

Route 6, Section 21

(Item 2) The Commissioner approved the General Property Key Map as revised and corrected for Route 6, Section 21, Denville Relocation, for filing in the office of the County Clerk of Morris County.

Route 29, Section 3C

(Item 3) The Commissioner approved the General Property Key Map as revised and corrected, for Route 29, Section 3C, Meeker Avenue to the Lehigh Valley Railroad for filing in the office of the Register of Deeds of Essex County.

Fort Dix Access Road

(Item 4) The Commissioner approved and determined to execute the modified Project Agreement for Project AW (PE) FAS 61A (1), Survey and Plans of Fort Dix Access Road from Mansfield Square to Fort Dix; this agreement increasing the FAS funds from $13,205.00 to $23,281.04, which is the total cost of the survey and the amount claimed from the Federal Government.

Route 6 (1917) and Jersey Avenue

(Item 5) The Commissioner approved of accepting the resolution adopted by the Camden County Board of Freeholders on February 8, 1944 as an amendment to the agreement dated June 3, 1941, whereby the County of Camden accepts jurisdiction at this time over all portions of State Highway Route 6 (1917) and Jersey Avenue lying within the City of Gloucester City and the Borough of Brooklawn with the exception of that portion of State Highway Route 6 (1917), Old Broadway, between State Highway Route 45 and the Pennsylvania-Reading Seashore Lines in Brooklawn; which portion is to remain under the jurisdiction of the State Highway Department until certain repairs on same are performed by the Maintenance Division. The Commissioner further directed the Maintenance Division to proceed with the repairs to the abutments and piers of Newton Creek Bridge, in accordance with the understandings set forth in the said resolution of February 8, 1944, whereby the County of Camden will reimburse the State in an amount not to exceed $900.00 for the work to be performed on the north abutments.

Route 9 (1917)-Route 28 (1927)

(Item 6) The Commissioner made the following Determination and Order, transferring and setting over to the Township of Bethlehem, Hunterdon County, the entire jurisdiction and control of that portion of the road described therein which was heretofore acquired by the State in connection with the construction of Route 9 (1917) Route 28 (1927):

Route 9 (1917)-Route 28 (1927) Cont'd

WHEREAS, about 1920 the township road leading toward the village of Norton, in the Township of Bethlehem, County of Hunterdon, was cut off from its intersection with the old New Jersey and Easton Turnpike, which was taken over as a part of Route 9 (1917) Route 28 (1927), because of lowering the grade to accommodate the new State Highway; and

WHEREAS, property was purchased by the State and a relocation of this road was constructed by the State some distance to the east thereof so as to connect with the State Highway at the summit of the grade; and

WHEREAS, jurisdiction over this relocated portion of road has never been turned over to the Township of Bethlehem, which is now willing to accept jurisdiction if it is placed in a reasonable condition as evidenced by resolution adopted by the Township Committee at its meeting held on January 29, 1944;

NOW THEREFORE, I, Spencer Miller, Jr., State Highway Commissioner, acting for and in behalf of the State of New Jersey, do hereby determine that the road beginning at the northerly right of way line of Route 9 (1917), Section 1, Route 28 (1927), at Station 58 + 80, and extending in a northerly direction a distance of approximately 1047 feet to the southerly line of the township road leading to Norton is no longer needed for the use of the State of New Jersey as a part of its State Highway System, and I do hereby transfer and set over to the Township of Bethlehem in the County of Hunterdon the entire jurisdiction and control of said section of road for use of said township in the construction and maintenance of its township road system.

The Commissioner further directed the Maintenance Division of the State Highway Department to perform the necessary work involved in the scraping and placing of the said road in a reasonably good condition.

Exploratory Borings
Route S3 and 25A

(Item 7) The Commissioner awarded a contract for the making of Exploratory Borings for the Passaic River Crossings on Route S3 at Clifton and Rutherford and Route 25A at Newark and Harrison, to the Giles Drilling Corporation, in the total amount of $12,084.50, which was the lowest of two informal bids received on this project after public advertisement; official permission having been received from the State House Commission for making such award without further advertising.

Signs - Electric
Routes 1, S1 and 5, Fort Lee

(Item 8) The Commissioner directed that action be withheld at this time in the matter of the installation of three electric fluorescent signs at Routes 1, S1 and 5 traffic control in the Borough of Fort Lee, because of the present uncertainty as to the availability of funds for such purpose.

Lighting - State Highways

(Item 9) The Commissioner authorized the installation of two 400 candle power highway lighting units on State Highway Route 6A at the intersection with the Wharton and Northern Railroad Crossing; it being understood there will be no construction cost involved and that the units willbe billed at the rate of $37.25 per unit or a total yearly operating cost of $74.50.

Signs - Electric
Route 4N, West Long Branch

(Item 10) The Commissioner directed that action be withheld at this time relative to the installation, maintenance and operation of an electrical flasher at the intersection of Route 4N, Norwood and Cedar Avenues in the Borough of West Long Branch, because of the present uncertainty as to the availability of funds for the purpose.

Lighting - State Highways

(Item 11) The Commissioner approved and determined to execute the following renewal agreements permitting this Department to grant State Aid for 1944 in the form of reimbursement for certain lighting as listed; it being understood that each of these agreements contains a provision that same does not become effective unless the Legislature provides funds for such purpose during the year 1944:

Municipality	Route	State's Share

Motor Vehicle Aid - Hudson County

(Item 15) The Commissioner directed that action be withheld at this time on the request to extend the time for completion of th work to be performed by contract on Ocean Avenue, Jersey City, Hudson County, Motor Vehicle Aid, from December 15, 1943 to May 15, 1944, and waive the inspection charges for the same period, pending a further investigation and report concerning this matter; Mr. VanTine raising a question as to whether it was fair to the other bidders on this project to extend the completion time after the contract was awarded.

Repairs - Monmouth County

(Item 16) The Commissioner approved of revising the schedule for lighting of county roads in the 1943 Work Program of Monmouth County in order that same may agree with the final certificate of expenditure; it being understood that the State's share of the cost of this lighting is limited to $3,354.90.

Repairs - Sussex County

(Item 17) The Commissioner directed that action be withheld at this time on the recommendation for approval of specifications for repair materials to be used in the maintenance of Sussex County roads during 1944, pending a further investigation of the possibility of additional sources of supply and the desirability of zoning the County for the furnishing and delivery of repair materials, particularly stone and gravel; Mr. Connett having raised a question as to whether it would be possible to have any completion in the bids for this material under the specifications as submitted which provided for one shipping point only.

(Item 18) The Commissioner approved the request of Sussex County to make the following transfers on their Work Programs:

Transfer From:	
Schedule "E", Bridge & Culvert Maintenance & Extraordinary Repairs (1943)	$ 9,459.27

		Consideration
Parcel 13	Ella M. Robinson & Husband	$ 250.00
Parcel 17	Charles E. Born (widower)	50.00

Right of Way - Route S3

(Item 32) The Commissioner approved a purchase agreement with Marion C. Gardner (widow), in the amount of $7,400.00 for Parcel 105 on Route S3, Section 5, Passaic River to Route 2 at Meadow Road. In connection with this item, Commissioner Miller directed that it be noted that this agreement is being approved in recognition of the enhanced value of the property since the time the original appraisals were made.

(Item 33) The Commissioner approved a settlement with Anna C. Homeyer and husband, in the sum of $7,550.00 for Parcel 127 on Route S3, Section 5, Passaic River to Route 2 at Meadow Road, the owners to retain and remove the buildings; and directed that the condemnation proceedings heretofore authorized be discontinued.

Right of Way - Route 29

(Item 34) The Commissioner approved and determined to execute an Order and Deed for the conveyance of Parcels 2XR-56 and 3XR-56 on Route 29, Section 2D, Morris Avenue, Union to Rahway River, to the Union County Park Commission, in accordance with the action as taken on March 12, 1943; it being understood that this conveyance is to be made upon payment of the sum of $3,577.00 by the Union County Park Commission and the conveyance by the Park Commission to the State of the land required,all as provided in the agreement previously approved.

Right of Way - Route 6
Route 6, Section 23

(Item 35) The Commissioner approved the General Property Key Map on Route 6, Section 23, from Pine Brook Relocation to Passaic River (Two Bridges), subject to such changes as may be necessary in order to conform with the construction plans as finally adopted and approved and authorized negotiations for acquisition of the necessary right of way. In this connection, it was noted that a portion of this key map was previously approved and that the sum of $230,000.00 as set up for the acquisition of right of way will be sufficient without a further setup of funds.

Right of Way - Route S3
Route S3, Sections 4 and 5

(Item 36) The Commissioner approved the General Property Key Map on Route S3, Section 4, Passaic Avenue to the Passaic River and Sheet 6 of the General Property Key Map for Route S3, Section 5, Passaic River to Route 2 at Meadow Road, subject to such

Right of Way - Route S3
Route S3, Sections 4 and 5

changes as may be necessary in order to conform with the construction plans as finally adopted and approved, and authorized negotiations for the acquisition of the necessary right of way. In this connection, it was noted that while the estimated cost of the right of way on Route S3, Section 4, is $325,000.00, no new setup of funds will be required as the amount of $1,400,000.00 set up for Route S3, Section 5, appears to be adequate to cover the properties on both of these two new maps.

The Commissioner also approved of withdrawing $2,700.00 from the Special State Aid Road Fund Account and returning it to the State Highway Fund. The force account price agreement for this work was also approved.

Township & Borough Aid - Ocean County

(Item 19) The Commissioner approved of eliminating all streets in Beach Haven Borough, Lacey Township, Ocean Gate Borough, Point Pleasant Beach Borough, Eagleswood Township, Ocean Township, Pine Beach Borough, and Tuckerton Borough, from the 1943 township and borough aid maintenance schedule of Ocean County, as no work was done on same. Approval was also given to acceptance and final payment of $11,245.70 State's share for the maintenance work completed on the 1943 township and borough aid maintenance schedule; the balances on roads costing lessthan the scheduled amount to be applied to roads costing more than the scheduled amount.

Township & Borough Aid - Union County

(Item 20) The Commissioner approved plans and specification for the construction of a storm sewer on Salem Road in Union Township, Union County, under the 1944 township and borough aid maintenance schedule. The Commissioner also approved the award

Township & Borough Aid-Union County (Cont'd)

of contract for construction of this storm sewer to the low bidders, A. F. Canning and P. A. Drobach, on their lump sum bid of $5,651.90, and the establishing of the official starting date as of ten days after approval of the award of contract by the State Highway Commissioner. Approval was also given to a price of $45. each for the catch basin castings to be used in this work.

Township & Borough Aid - Camden County

(Item 21) The Commissioner approved of the 1941 township and borough aid funds allotted Mt. Ephraim Borough, Camden County, on Center Street and Sixth Avenue, and the 1944 funds allotted that borough on Center Street, applying as one project for the construction of Center Street and Sixth Avenue. The plans and specifications for this work were also approved.

Township & Borough Aid - Warren County

(Item 22) The Commissioner approved the force account price agreement submitted by Warren County in connection with work done on South Main, Heckman, Center, Roseberry, Lewis, Lock, Logan, Ferguson Streets and Summit Avenue, in the Town of Phillipsburg; 1943 township and borough aid maintenance.

Lighting - State Highways

(Item 23) The Commissioner approved and determined to execute renewal agreements permitting this Department to grant State Aid for 1944 in the form of reimbursement for the following lighting:

Municipality	County	Route	State's Share
Borough of Fort Lee	Bergen	1,S1A,5,6	$ 2,296.00
Township of Rockaway	Morris	6	150.03
Township of Upper Penns Neck	Salem	44 & 48	909.60
Township of Woodbridge	Middlesex	4 & 25	1,927.00

Right of Way - Access Road to U.S.A.S.F.Depot, Belle Mead

(Item 24) The Commissioner directed that the purchase agreement with Bloomingdale Farms, providing for the conveyance of Parcel 2 on the Access Road to the United States A.S.F. Depot at Belle Mead, at a consideration of $1.00 plus fence to be relocated on the grantor's remaining lands at no cost to the grantor, be presented to the Township of Hillsborough for execution.

Right of Way - Route S3

(Item 25) The Commissioner approved the following purchase agreement on Route S3, Section 5, Passaic River to Route 2 at Meadow Road:

		Consideration

Lighting - State Highways

(July 13, 1944) WHEREAS, during the latter months of 1942 and the early months of 1943 a considerable reduction in highway safety lighting was made in conformity with the reduction in traffic volume and speeds then indicated by our survey and to conform with instructions issued by the Second Service Command of the United States Army for the curtailment of lighting, particularly in the coastal and strategic areas of the State for security reasons, and

WHEREAS, the restrictions placed upon lighting in these areas, by the Second Service Command, of the United States Army, have now been removed, and

WHEREAS, recent surveys indicate that there is a marked increase in traffic volume, thereby increasing the accident hazard and necessitating an increase in highway safety lighting,

IT IS HEREBY ORDERED, that highway safety lighting be restored to normal at those locations throughout the State of New Jersey where the marked increase in traffic volumes warrant the said restoration of highway safety lighting in order that the accident hazard may be reduced thereby.

IT IS FURTHER ORDERED that the restoration of this highway safety lighting as above ordered be undertaken as and when the required funds are made available for the purpose.

Lighting - State Highways ✓

(Item 1-A) Commissioner Miller stated that the policy of the Department in the matter of pedestrian underpasses built by the State Highway Department for the purposes of traffic safety would hereafter be as follows: The Highway Department shall share the cost of lighting such underpasses on the same basis of equality as has been established for the installation and maintenance of traffic signals; the municipality should render such necessary servicing in order that the pedestrian underpass is kept in good condition, such servicing to consist of re-lamping light fixtures, cleaning and policing of the underpass.

Respectfully submitted,

A. Lee Grover

Secretary.

Through Streets

(Item 1-A) The Commissioner made the following resolution relative to the designation of Route #51 as a Through Street:

BE IT RESOLVED, by State Highway Commissioner Spencer Miller,Jr. that the resolution adopted by former State Highway Commissioner Sterner under date of October 21, 1941, designating Route #51, from Crown Point Road (Route 44) to Swedesboro Road, as a "Through Street" in accordance with the provisions of Section 39: 4 - 140 of the Revised Statutes, be amended to eliminate the intersection of Route #51 with the Woodbury-Auburn Road from such designation.

BE IT FURTHER RESOLVED, that a copy of this resolution be forwarded to the Commissioner of Motor Vehicles, Hon. A. W. Magee, with the request that he approve of such amendment.

Route 25A ✓

(Item 2-A) Commissioner Miller reported on a conference had this morning with officials of the City of Newark, and the Newark Planning Board, concerning Route 25A; advising that these officials seem to be looking forward to the construction of the extension of this route from Clifton Street to High Street as a State responsibility rather than a County responsibility and are very much interested in the question as to whether Federal Funds can be used on same under the new Federal Aid Act.

Reports ✓

(Item 3-A) The Commissioner requested that Mr. Dickinson furnish the Department with advice relative to the submission of annual reports by the State Highway Department; the question having been raised and discussed as to whether such reports should be based on the calendar or fiscal year.

Respectfully submitted,

A. Lee Grover

Secretary.

The Commissioner also approved of revising the 1944 township and borough aid maintenance schedule for Ocean County in accordance with the final certificate of expenditure, no work having been done on any of the roads appearing in the original schedule for which no charges were made in the certificate of expenditure.

Township & Borough Aid - Salem County

(Item 20) The Commissioner approved specifications for the mixed-in-place bituminous surface treatment of Crossland, Cook and Victory Avenues, Salem City, Salem County, township and borough aid.

Signals - Traffic

(Item 21) The Commissioner approved of the traffic signal located at State Highway Route 17 and Williams Avenue, in Hasbrouck Heights, being changed from a vehicular-operated type to a flashing type with push buttons provided for pedestrian traffic. It is understood that under the terms of the existing agreement, the cost of making this change, estimated at $300.00, will be borne by the State and that all equipment removed will become the property of the State; and that the maintenance and operating costs will remain substantially as at present.

(Item 22) The Commissioner approved the installation of a flashing signal at the intersection of State Highway Route 47 and Academy Street in the Borough of Clayton, and authorized negotiation of a standard reimbursement agreement with the Borough of Clayton covering such installation. It is understood that the installation cost will be approximately $600.00, the annual maintenance cost $50.00 and the annual current cost $60.00, and that the State's share of these costs will be $300.00 for the installation, $50.00 for the maintenance and $30.00 for operation. The Commissioner further determined that the agreement with the borough will be executed after execution by the borough officials and upon approval by the Attorney General.
